HAMLET - Residential/Accessory Structure Development Permit Application FORM 'D'

This information is being collected for the purpose of applying for a development permit pursuant to the provision of the municipal government act and its regulations of the Freedom Of Information and Protection of privacy act. If you have any question about the collection you may contact Wheatland County F.O.I.P coordinator at (403) 934-3321.

All applications for a new dwelling, a floor plan and or digital plans may be required.

Any enhancements, renovations or additions of buildings may have an impact on your property tax in the following year. If you would like an estimate of the tax impact, please contact the assessment department.

For development requiring connection to water and/or sewer in all Wheatland County hamlets a connection fee of \$4000.00 will apply. Water meter and refundable deposit is an extra charge. Contact the Utilities department.

For all applications for a "Moved-On Dwelling", and Used Modular dwellings, exterior photos of all 4 sides shall be attached to this application.

All modular dwellings shall have Canadian Standards Association (CSA) certification and meet **A277 standards**. This information must be provided with a Development Permit application in the form of a picture of the related sticker.

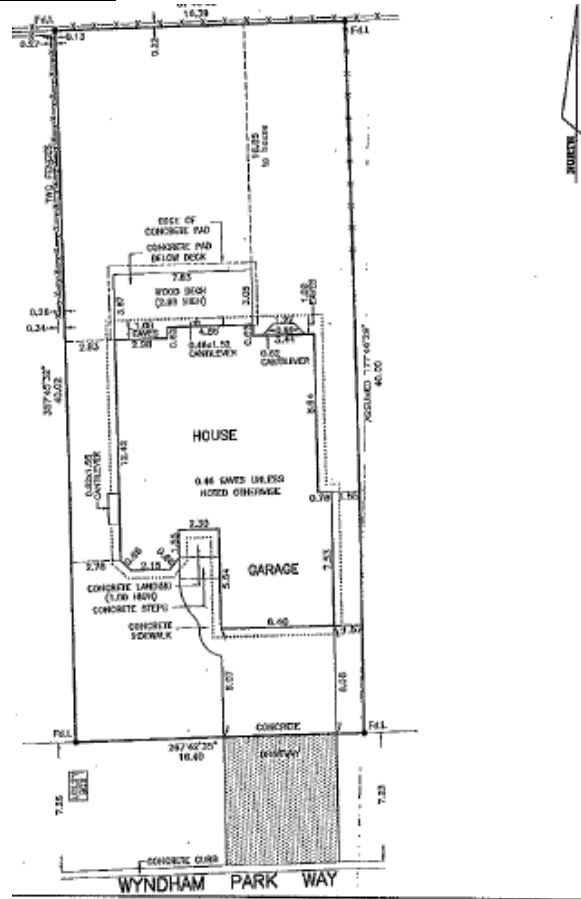

Abandoned Oil/Gas Wells: **ALL development permit applications** require an abandoned oil well map from the Alberta Energy Regulator (AER). Information may be obtained by contacting the AER at (1-855-297-8311) or by using the AER's Map Viewer. Attach a map (printed from the AER map viewer) to this application form (even if there are no abandoned oil or gas well on the property).

This site plan needs to show the location of all abandoned oil and gas well sites as well as the setback distances in relation to existing or proposed building sites. A 5m setback is required from an abandoned oil well.

Please provide and identify the following information on a digital site plan, including setback distances in meters or feet:

Label front, rear, side yard setbacks from the proposed structure to the property line	Label setback distances to any existing buildings/structures	Label setback distances to all public roads
Identify slopes greater than 15% & distance from proposed structures	Identify any wetlands, canals, rivers or water bodies	Identify and name bordering roads and/or highways
Label dimensions of the proposed structure(s) (length and width)	Identify existing physical features (trees, shelterbelts, canals etc.)	Identify abandoned well sites
Identify access to property	Identify proposed or existing location of septic fields/septic tanks and distances from dwelling	Identify proposed or existing oil and gas sites and pipelines

PLEASE ATTACH A DIGITAL/COMPUTER GENERATED SITE PLAN WITH THE ABOVE INFORMATION TO THIS APPLICATION - SAMPLE DEVELOPMENT PERMIT SITE PLAN

MUNICIPAL GOVERNMENT ACT SECTION 683.1 This application does not permit you to commence operation. The development authority has 20 days after the receipt of an application for a development permit to determine if the application is complete. An application is complete if, in the opinion of the development authority, the application contains the documents and other information necessary to review the application. The time period may be extended by an agreement in writing between the applicant and the development authority. If the development authority does not make a determination within the time required, the application is deemed to be complete. If the development authority determines that the application is complete, the development authority must issue to the applicant an acknowledgement in the form and manner provided for in the land use bylaw that the application is complete.

If the development authority determines the application is incomplete, the development authority must issue to the applicant a notice in the form and manner provided in the land use bylaw that the application is incomplete and that any outstanding documents and information referred to in the notice must be submitted by a date set out in the notice or a later date agreed on between the applicant and the development authority in order for the application to be considered complete.

If the development authority determines that the information and documents submitted are complete, the development authority must issue to the applicant an acknowledgement in the form and manner provided in the land use bylaw that the application is complete.

If the applicant fails to submit all the outstanding information and documents on or before the date by the development authority the application is deemed to be refused. If the application is deemed refused the development authority must issue to the applicant an acknowledgement in the form and manner provided in the land use bylaw that the application has been refused and the reason for refusal.

Despite that the development authority has issued an acknowledgement, in the course of reviewing the application, the development authority may request additional information or documentation from the applicant that the development authority considers necessary to review the application.

The development authority must make a decision on the application for a development permit within 40 days after the applicant receives acknowledgement. If the development authority does not make a decision within the time required the application is, at the option of the applicant, deemed to be refused.

For further clarity please contact the Planning & Development department at 403-934-3321.

ABANDONED WELL DECLARATION

The Municipal Government Act's Subdivision and Development Regulations requires Developers/Landowners to identify abandoned oil and gas wells, where present, to comply with setback requirements. If abandoned wells do exist, subdivision and development applications must show exactly where the wells exist, what the setback distances are (if setbacks are required) and how they have been taken into account. To assist Applicants in collecting the required information, the AER has released an "Abandoned Well Map Viewer" that provides the location, name of the licensee and status of abandoned wells across Alberta. This can be accessed at: <http://mapviewer.aer.ca/Html5/Index.html?viewer=aerabnwells>

Through use of the viewer, subdivision and development applications must contain the following:

1. A map of the search area from the viewer and a statement that there are no wells in the project area or;
2. A list and map identifying the locations of abandoned wells within the search area, including the surface coordinates, as provided by the viewer or AER Information Services;
3. A sketch of the proposed development incorporating the necessary setback area for each well.

If No Wells are listed on site:

I, _____ being the registered Owners(s) or Agent acting on behalf of the registered Owner(s) of _____
(Legal Description)

Have reviewed information provided by the Alberta Energy Regulator (AER) and can advise that the information shows the absence of any abandoned wells within the site of proposed development.

DATED: this _____ day of _____, 20____.

If Wells are listed on site:

I, _____ being the registered Owners(s) or Agent acting on behalf of the registered Owner(s) of _____
(Legal Description)

Do hereby confirm that I have done by due diligence as required by Alberta Municipal Affairs, Wheatland County and the AER, by obtaining required information from the "Abandoned Well Map Viewer" and/or through the AER Information Services, and hereby attach "Schedule A" containing a list and map identifying the locations of abandoned wells within the search area, including the surface coordinates, written confirmation that I have contacted the licensee for each well and that the exact location of each well has been confirmed, a sketch of the proposed development incorporating the necessary setback area for each well.

DATED: this _____ day of _____, 20____.

This form shall accompany all applications for Subdivision and Development Permits.

ABANDONED OIL/GAS WELL - ALBERTA ENERGY REGULATOR (AER)

As a requirement for all Development Permit Applications, the applicant is required to submit a map identifying all abandoned oil/gas wells according to the Alberta Energy Regulator (AER). Please follow the steps outlined below to obtain the required map and submit it with the development application.

- 1) Access the Alberta Energy Regulators (AER) Abandoned Well Map Viewer at <https://extmapviewer.aer.ca/AERAbandonedWells/Index.html>
- 2) A 'Terms of Use' Agreement needs to be accepted by clicking 'I Accept'.
- 3) The following map will appear once the 'Terms of Use' have been accepted.

- 4) Select 'Area of Interest' located on the left side of the screen.
- 5) Enter the legal land description of the parcel requesting the development permit. (Section, Township, Range and Meridian are required). A map will generate showing the legal description and any wells in the area.
- 6) A printed copy of this map must be included with the development application. In order to print the map you must: Click the print button at the top of the page, then click the print button at the bottom of the page, and then click 'Open File'. This will generate the document that can be printed.
