CORPORATE & FINANCIAL SERVICES POLICY SECTION 2	2.1. PROCUREMENT POLICY Page 1/14
Effective Date: September 3/13 CM Res.13-09-17	Revised: May 5/20 CM Res. 2020-05-27 Revised: July 7/20 CM Res. 2020-07-29 Revised: June 20/23 CM Res. 2023-06-60

PURPOSE

To obtain goods and/or services and construction (procurement) while achieving best value through a transparent, fair, and competitive process with a focus on customer service.

POLICY

Wheatland County is committed to conducting procurement in compliance with all applicable legislation, policies and procedures in an open, fair, and transparent manner that assures equal access to qualified suppliers and achieves best value for its residents. All employees must conduct themselves in a professional and ethical manner when procuring and where possible must consider innovative solutions during procurement activities.

The purchasing and supply function must fully embrace the philosophy of continuous improvement with the intent that Wheatland County will continue to be a leader in advanced public procurement solutions that are quality focused. Employees must adhere to the guidelines set forth in this policy and in all purchasing activities.

Release of Information: Employees must not release information to any potential supplier that is not intended to be made available to all potential suppliers.

Documentation: Appropriate procurement documentation must be in place before a purchase, including but not limited to service contracts, purchase orders, agreements, or written quotations.

Total Cost of Ownership: Where appropriate, employees will consider the total cost of ownership in procurement activities.

Local Procurement: According to applicable trade agreements, the County cannot give preferential treatment to local suppliers for competitions over a seventy-five thousand (\$75,000) dollar threshold for goods and/or services or two hundred thousand (\$200,000) for construction.

When procuring deliverables under the trade agreement thresholds, consideration should be given to obtaining quotes from local suppliers whenever possible. Quotes from local suppliers may be accepted if the price is within 5% of the lowest quote obtained.

As part of the procurement process, employees may identify and consider the Country of Origin. The procurement from overseas suppliers will be limited, especially where competitive Canadian products and services are available, provided that no legal or funding-related limitation exists for the specific procurement. Where competitive Canadian goods and/or services are not available, consideration will be extended to Canadian Value-Added goods and/or services and Canadian Suppliers as an order of priority, provided that no legal or funding-related limitation exists for the specific procurement.

Environmental and Ethical Standards: Where practically possible, Wheatland County will meet the highest possible environmental and ethical standards. Employees may identify and purchase environmentally and ethically preferred products and services when available for the intended purpose at a competitive price. Methods of accomplishing this may include but are not limited to requesting that environmental or ethical policies and procedures of a vendor be included with quotes or proposals or including environmental or ethical considerations in the evaluation scoring processes.

Negotiation Practices: All employees having responsibility for purchasing activities are expected to negotiate with the best interests of the County.

Authorization: No procurement shall be authorized unless it is compliant with this Policy and Schedule A.

Council: Is it the role of Council to establish policy and approve expenditures through the County's budget approval process. Through this Policy, Council delegates the CAO to incur expenditures in accordance with approved budgets.

MGA: Employees must follow regulations as set out in the Municipal Government Act (MGA), Section 248 Expenditure of Money.

Exemption: Procurement not subject to this Policy is listed in Schedule B. The final determination of whether procurement qualifies for exemption under Schedule B shall be determined by the General Manager. This may also include single source or sole source procurement; however, documentation must still be gathered on why the single or sole source was chosen.

Contract Splitting: Subdividing, splitting or otherwise structuring procurement requirements or contracts to reduce the value of the procurement or in any way circumvent the requirements or intent of this Policy is not permitted.

Supplier's Conduct and Conflicts of Interest: The County requires its suppliers to act with integrity and conduct business in an ethical manner. The County may refuse to

do business with any supplier that has engaged in illegal or unethical bidding practices, has an actual or potential conflict of interest or an unfair advantage or fails to adhere to ethical business practices.

DEFINITIONS

“Bid” means a submission in response to a Solicitation Document, and includes proposals, quotations, or responses.

“Canadian Good” means a good which, if exported outside of Canada, would qualify as a good of Canada under appropriate rules of origin as per the Canadian Free Trade Agreement.

“Canadian Service” means a service provided by a natural person based in Canada as per the Canadian Free Trade Agreement.

“Canadian Supplier” means a supplier that has a place of business in Canada as per the Canadian Free Trade Agreement.

“Canadian Value-Added” means (a) in relation to services, the proportion of the service contract performed by natural persons based in Canada; and (b) in relation to goods, the value of the portion of the good produced in Canada or the difference between the dutiable value of imported goods and the selling price, taking into account any value-added by manufacturers and distributors, and including any costs in Canada related to research and development, sales and marketing, communications and manuals, customization and modifications, installation and support, warehousing and distribution, training, and after-sales service.

“Cooperative Purchasing” refers to the process of aggregating purchases for a large group of customers with similar buying needs. (i.e. Canoe Procurement through RMA and Sourcewell)

“Construction” means a construction, reconstruction, demolition, repair or renovation of a building, structure or other civil engineering or architectural work and includes site preparation, excavation, drilling, seismic investigation, the supply of products and materials, the supply of equipment and machinery if they are included in and incidental to the construction, and the installation and repair of fixtures of a building, structure or other civil engineering or architectural work, but does not include professional consulting services related to the construction contract unless they are included in a procurement.

“Environmentally Preferred” means products or services that have a lesser impact on human health and the environment when compared with competing products or services. This comparison may consider raw materials, acquisition, production, recycled content, manufacturing, waste management, packaging, distribution, re-use, operation, maintenance, or disposal.

“Ethically Preferred” means products or services that are produced or delivered under conditions that meet or exceed the standards for employment conditions and human

rights for manufacturers and suppliers established by national or provincial governments, or the International Labour Organization.

“Goods” refers to moveable property and includes raw materials, products, equipment, and other physical objects of every kind and description whether in solid, liquid, gaseous, or electronic form as per the Canadian Free Trade Agreement.

“Total Cost of Ownership” means the cost over the full lifetime of a product. Examples of costs include maintenance, insurance, staffing, training, disposal, and cost savings that may be achieved over the lifetime of the product such as environmental efficiencies (i.e. energy saving or water use) or potential revenues.

“Procurement” means a set of activities performed by Wheatland County to facilitate the acquisition of procurement in response to a business need.

“RFx” is an acronym that means “request for x”, with x representing any of the form bid documents used to obtain information or cost estimates for the sourcing and/or procurement of goods, services, or construction. Bid documents can include Request for Bid (RFB), Request for Information (RFI), Request for Proposal (RFP), Request for Quotation (RFQ), Request for Tender (RFT), Expression of Interest (EOI) and Request for Prequalification (RFPQ) among others.

“Services” means services supplied or to be supplied, by a person.

“Single Source” refers to procurement that is only available by one provider or company, where additional quotes cannot be obtained due to the uniqueness or other vendor limitations.

“Sole Source” refers to procurement from one vendor to provide services or to provide goods or services in respect of construction.

EMPLOYEE RESPONSIBILITIES

All procurement activities must be conducted with integrity, openness and transparency, and all employees involved in procurement activities must act in a manner consistent with Wheatland County Human Resources Policy Section 6.1, Code of Conduct and Ethics, as well as all other applicable County policies. Responsibilities of employees as defined in Policy Section 6.1 include but are not limited to avoidance of conflicts of interest, protection of confidential or sensitive information, and adherence to a professional standard of conduct.

Employees shall endeavour to secure the best value for money to maximize value for the residents of Wheatland County, and ensure compliance with all applicable laws, regulations, policies, and procedures related to procurement activities. Employees are responsible for evaluating the performance of suppliers and reviewing available performance evaluations for bidding suppliers prior to purchase as per Wheatland County's Performance Management Policy 2.14 and Wheatland County's Contractor Pre-Qualification: Health, Safety, and Information Security Vendor Package.

Pre-Qualification: Where safety or information security liabilities exist, all applications for work for, or on behalf of, Wheatland County will be required to complete Wheatland County's Contractor Pre-Qualification Health, Safety, and Information Security Vendor Package prior to awarding. Contractors should meet the minimum requirements set out in the Contractor Pre-Qualification Package to be awarded the contract. Small and/or local contractors may not have the resources available to meet all qualifications within the Health, Safety, and Information Security Vendor Package and can be considered on a case-by-case basis pending they still hold active WCB coverage and general liability insurance.

Information Technology: Contracts for software, applications, SaaS (Software as a Service) solutions, PaaS (Platform as a Service) solutions, (CoTs) Commercial Off-the-shelf software and subscriptions or custom developed solutions and/or data services where storage or transformation of data applies to the service, must have data ownership clauses that ensure Wheatland County is the owner and able to retrieve and retain their data in in an accepted machine-readable format with a clearly defined data model schema.

Prior to a purchasing decision, employees will review current legislation such as the NWPTA to ensure that procurement is in compliance. When making any purchasing decisions, proper process, protocol, and accurate record maintenance are crucial to ensure a fair and equitable process for all involved and to ensure that employees and rate payers are protected from any possible challenges that could arise.

ADDENDUM TO 2.1 PROCUREMENT POLICY FOR GOODS AND SERVICES

SCHEDULE C – Corporate Credit Card Usage Waiver

Wheatland County may issue a corporate credit card to certain employees for use in their positions; this waiver sets out the acceptable and unacceptable uses of such corporate credit cards. Use of Wheatland County-issued credit cards is a privilege, which Wheatland County may withdraw in the event of any abuse. Any corporate credit card issued to an employee must be used for business purposes only, in conjunction with the employee's position duties. Employees with corporate issued credit cards shall not use them for any non-business, non-essential purpose, i.e., for any personal purchase or any other transaction that is not authorized or needed to carry out their duties. Employees must pay for personal purchases (i.e., transactions for the benefit of anyone or anything other than the Wheatland County) with their own funds or personal credit card. Wheatland County will not regard expenses for one's own business-related use, such as lodging and meals while on Wheatland County-approved business trips, as personal purchases, as long as such expenses are consistent with Wheatland County's Travel and Expense Policy. If any employee uses a corporate credit card for personal purchases in violation of this waiver, the cost of such purchase(s) will be considered an advance of future wages payable to that employee and will be recovered in full from the employee's next paycheque; any balance remaining will be deducted in full from subsequent paycheques until the wage advance is fully repaid. Such deductions may take the employee's pay below minimum wage for the pay period(s) in question. An employee may also provide repayment in the form of cash, cheque, or electronic payment (Interac or personal credit card) prior to any payroll deductions. If an employee uses a corporate credit card for any other type of unauthorized transaction in violation of this waiver, i.e., incurs financial liability on Wheatland County's part that is not within the scope of the employee's duties or the employee's authorization to make business-related purchases, the cost of such purchase(s) or transaction will be the financial responsibility of that employee, and the employee will reimburse Wheatland County. Such deductions will be in the amount of the unauthorized purchase(s), but if a deduction for such amount would take the employee below minimum wage for the pay period in question, the deductions will be in equal increments that will not take the employee's pay below minimum wage for any pay period involved. In addition to financial responsibility and liability for wage deductions, any purchases an employee makes with a corporate credit card in violation of this waiver will result in disciplinary action, up to and possibly including termination of employment, depending upon the severity and repeat nature of the offense.

Agreement for Wage Deductions Associated with Improper Use of Corporate Credit Card

I, **[INSERT EMPLOYEE'S NAME]**, hereby certify that I understand and agree to abide by the Wheatland County's waiver regarding use of a Wheatland County-issued corporate credit card, a copy of which I have received, and which has been explained to me.

I agree that if I make any personal purchases (i.e., transactions for the benefit of anyone or anything other than Wheatland County) in violation of that waiver, the amount of such purchases is an advance of future wages payable to me, that Wheatland County may deduct that amount from my next paycheck, and that if there is a balance remaining after such deduction, Wheatland County may deduct the balance of the wage advance from my future paycheques until the amount is repaid in full.

I further agree that if I make any non-personal transactions in violation of the waiver in question, i.e., incur financial liability on Wheatland County's part that is not within the scope of my duties or my authorization to make business-related purchases, I am financially responsible for any such expenses and agree to reimburse Wheatland County via wage deductions for such amounts until the unauthorized amounts are fully repaid. Such deductions will be in the amount of the unauthorized purchase(s), but if such amount would take my pay below minimum wage for the pay period in question, the deductions will be in two or more equal increments that will not take my pay below minimum wage for any pay period involved.

SCHEDULE D – Bid Evaluation Framework

Employees may use this framework to ensure that bids are being evaluated in accordance with Wheatland County Procurement Policy. This framework does not apply to bid processes being evaluated by price only.

Evaluation criterion and weights provided in this framework are suggestions; they may be modified at the discretion of employees depending on the nature of the good and/or service being purchased and any unique requirements of the selection process.

Criterion Weight %

1. Corporate profile:	5%
2. Qualifications/experience of personnel assigned to the project:	15%
3. Experience and past performance working with local governments:	10%
4. Availability and capability to meet work requirements as assigned:	20%
5. Experience completing similar projects:	25%
6. Estimated Project Cost:	<u>25%</u>
	100%

Individual Criterion Ranking

Scoring shall be awarded on a scale of 0 to 5. Partial scores or scores not defined below will not be used.

The range is defined as follows:

5	Fully exceeds expectations. Proponent clearly understands the requirements, excellent probability of success.
4	Somewhat exceeds expectations, high probability of success.
3	Fully meets expectations. Proponent has a good understanding of the requirements, no weaknesses or deficiencies, good probability of success.
2	Partially meets expectations, minor weakness or deficiencies, fair probability of success.
1	Does not meet expectations or demonstration of the understanding of the requirements, major weakness or deficiencies, low probability of success.
0	Lack of response or complete misunderstanding of the requirements, no probability of success.

Other Considerations

Where appropriate, employees are encouraged to include statements and selection criteria enabling them to effectively evaluate total cost of ownership, environmental, and ethical considerations within procurement and bid documents.

Total Cost of Ownership: Where appropriate, employees should consider the total cost of ownership of goods in procurement activities.

Environmental and Ethical Standards: Where appropriate, employees should purchase goods and/or services that meet the highest possible environmental and ethical standards.

Ethically Preferred: Where appropriate, employees should purchase products or services that are produced or delivered under conditions that meet or exceed the standards for employment conditions and human rights for manufacturers and suppliers established by national or provincial governments, or the International Labour Organization.

Environmentally Preferred: Where appropriate, employees should purchase products or services that have a lesser impact on human health and the environment when compared with competing products or services.

Sample:

Please provide a copy of your business' Ethical and Environmental Policies and/or Procedures for consideration.

OR

Please describe the ethical and environmental merits of the good or service being offered.

CORPORATE & FINANCIAL SERVICES POLICY SECTION 2.1 – PROCUREMENT POLICY	2.1.1. PERFORMANCE MANAGEMENT FOR CONTRACTED SERVICES Page 1/11
Effective Date: December 15, 2020 Res. CM-2020-12-50	Revised:

PURPOSE

To ensure that contractors are held accountable for services rendered and to assist employees in making effective purchasing decisions, performance evaluations serve the following purposes:

- To formally discuss the relationship between Wheatland County and the contractor
- To relate performance to roles, responsibilities, authority, and duties as defined within the project description and terms of reference
- To review contract objectives, accomplishments, and identify where performance can be improved for the benefit of the County
- To determine if the contractor is suitable to undertake future opportunities in Wheatland County
- To determine if corporate objectives were achieved
- To offer a record of interactions with contractors to benefit future procurement activities and decisions

POLICY

All contracted services shall be reviewed using the performance management system described in this policy for contracted services annually, or in the case of shorter duration projects, at the conclusion of the project. Performance evaluation will consider the core competencies of accountability, customer focus, teamwork, communication, values, ethics, quality of work, and timeliness.

Performance evaluation forms will be kept on record in accordance with Wheatland County’s Record Retention and Disposition Bylaw. If in alignment with trade agreements and included in bid documents, evaluation forms shall be accessible to employees for the purpose of reviewing service delivery history for a particular kind of service and reviewing the past performance of service providers seeking new contracts or contract renewal with Wheatland County.

This policy applies only in instances where a service is provided to the County requiring the work of a contractor. It does not apply to the purchase of goods from suppliers where no further work is required from the vendor aside from providing and/or physically delivering the good to the County.

DEFINITIONS

“**Contracted Service**” refers to a service provided to Wheatland County by a third party where a commitment has been made by Wheatland County for procurement of deliverables from that third party by means of an agreement, whether the agreement is verbal, written, contractual or otherwise and made in accordance with Wheatland County’s Procurement Policy for Goods and Services.

“**Services**” refers to all intangible services provided by third parties, including construction.

RESPONSIBILITIES

All employees responsible for the management of contracted services at Wheatland County shall review the performance of the contracted service provider annually, or at project completion for shorter-duration projects, using the Performance Evaluation Form in Schedule A or B. This requirement does not apply to contracted services valued at under five-thousand dollars (\$5,000) annually as per the Low-Value Procurement section of the Procurement Policy 2.1.

Employees responsible for purchasing decisions valued at over five-thousand dollars (\$5,000) annually shall review performance evaluation form records for any pertinent information prior to awarding a contract and consider the outcome of previous performance reviews of a contractor's work at Wheatland County in decision-making.

Prior to a purchasing decision, employees must ensure that consideration of the performance evaluation is in compliance with trade agreements, the RFX process and Procurement Policy 2.1.

Wheatland County employees responsible for records management will facilitate a process for ease of storage and retrieval of performance evaluation form records by employees undertaking procurement activities.

2.1.1. PERFORMANCE MANAGEMENT FOR CONTRACTED SERVICES

PROCEDURE FOR ADMINISTRATION

A. Performance Evaluation of Services

The employee acting as main point of contact for a contracted service provider is the “primary evaluator,” and will evaluate the services provided at the end of each calendar year or at project completion for shorter term projects. This employee is responsible for notifying the contracted service provider of the evaluation process and providing a copy of the evaluation form to the main point of contact at the contracted company upon completion. The primary evaluator may decide whether to use the simple or complex project performance evaluation form included in Schedules A and B, depending on the nature of the project or service provided.

Where multiple Wheatland County employees have also had significant contact with a contracted service provider or been impacted by the outcome of their work, the primary evaluator is expected to create an “evaluation team” made up of these individuals for the purpose of arriving at collective review results. This could be accomplished by asking each member of the evaluation team to complete an evaluation form and averaging the results or discussing to arrive at consensus.

When the evaluation form is complete, a copy must be provided to the contracted service provider. If the provider receives a “Below Standard” rating on any of the rated criteria on the evaluation form, the primary evaluator is expected to offer to meet with or call the contracted service provider to discuss performance issues and determine the corrective action that will be taken to rectify and avoid recurrence of the performance issues identified. The outcome of this discussion must be summarized and included with the evaluation report. The primary evaluator may consider any comments or explanations provided by the contracted service provider in finalizing the performance evaluation. An evaluation team should be made aware of any changes. The primary evaluator will then sign the completed performance evaluation form and share with the department General Manager for their awareness.

To complete the process, the primary evaluator must submit the evaluation report to Wheatland County’s records management for filing.

B. Procurement of Services

Employees making a purchasing decision should request records management to provide performance evaluation forms that have been filed for each contracted service provider that submit a bid, quote, tender, or proposal. Any records of past performance with Wheatland County should be considered in the evaluation process, which could result in influence on scoring, or exclusion of a contracted service provider based on significant or persistent deficiencies in past performance is at the discretion of a department General Manager.

Prior to a purchasing decision, employees must ensure that consideration of the

performance evaluation is in compliance with trade agreements, the RFX process and Procurement Policy 2.1.

C. Records Management

When performance evaluation forms are submitted, records management will ensure the records can be reproduced for future use by all employees upon request.

D. Disclosure of Results to Others

The content of any performance evaluation form may be disclosed internally across departments; however, permission must be obtained in writing from the contractor to send externally.

CORPORATE & FINANCIAL SERVICES POLICY SECTION 2.2 – TANGIBLE CAPITAL ASSETS	2.2 TANGIBLE CAPITAL ASSETS Page 1/7
Effective Date: Dec 18/07	Revised:07-677 Revised: Sept. 1/09 CM – Res. 09-514 Revised: Dec. 15/09 CM – Res. 09-758 Revised: Mar. 6/12 CM – Res. 12-233 (Eff. Jan 1/11) Revised: Dec. 2/14 CM – Res. 14-12-22 Revised: Jan. 6/15 CM – Res. 15-01-06 (Eff. Jan 1/15) Revised: Feb. 7/17 CM – Res. 17-02-20 (Eff. Jan 1/17) Revised: May 5/20 CM – Res. CM-2020-05-27 (Policy Restructure)

PURPOSE

Ensure proper accounting treatment for tangible capital assets.

Wheatland County must follow accounting standards in PS 3150 – Tangible Capital Assets. Below is a summary and excerpts from CICA Handbook PS 3150.

DEFINITIONS

Tangible Capital Assets:

Non-financial assets that have physical substance and;

- Are held for use in the production or supply of goods and services, for rental to others, for administrative purposes or for the development, construction, maintenance or repair of other tangible capital assets.
- Are used on a continuing basis in the County’s operations.
- Have useful lives extending beyond an accounting period.
- Are not held for re-sale in the ordinary course of operations.

Betterments:

Subsequent expenditures on tangible capital assets that:

- Increase previously assessed physical output of service capacity;
- Lower associated operating costs;
- Extend the useful life of the asset; or
- Improve the quality of the output.

Any other expenditure would be considered a repair or maintenance and expensed in the period.

Group Assets:

Assets that have a unit value below the capitalization threshold but have a material value as a group. Group assets are normally recorded a single asset with one combined value. Although recorded in the financial systems as a single asset, each unit may be recorded in the asset sub-ledger for monitoring and control of its use and maintenance. Examples could include computers, furniture and fixtures, small moveable equipment, signs, etc.

Fair Value:

Fair value is the amount of consideration that would be agreed upon in an arm's length transaction between knowledgeable, willing parties who are under no compulsion to act.

Capital Lease:

A capital lease is a lease with contractual terms that transfer substantially all the benefits and risk inherent in ownership of the property of the County. For substantially all of the benefits and risks of ownership to be transferred to the lessee, one or more of the following conditions must be met:

- There is reasonable assurance that the County will obtain ownership of the leased property by the end of the lease term.
- The lease term is of such duration that the County will receive substantially all of the economic benefits expected to be derived from the use of the leased property over its life span.
- The lessor would be assured of recovering the investment in the leased property and of earning a return on the investment as a result of the lease agreement.
- There is a bargain purchase option (a low buyout) at the end of the lease.

POLICY STATEMENTS:**Capitalization:**

Tangible capital assets should be capitalized (recorded in the fixed asset sub-ledger) according to the following monetary thresholds:

Asset Description	Threshold
Land	-
Land improvements	5,000
Buildings	25,000
Engineering structures	25,000
Machinery and equipment	5,000
Vehicles	5,000

All tangible capital assets that do not exceed these thresholds will be expensed in the period which they are acquired. All tangible capital assets that exceed these thresholds will be recorded in the asset ledger in the period in which they are acquired and depreciated over the expected useful life of the assets.

Classes:

A class of assets is a group of assets of a similar nature or function in the County's operations. The following list of classes shall be used:

In the event that an asset does not fit into the above classes, reference will be made to the recommended maximum useful life guideline in appendix A of the tangible capital asset implementation toolkit published by Alberta Municipal Affairs. In addition to the asset recommended useful life guidelines by Alberta Municipal Affairs, the following must be considered by Management to determine the useful life of an asset:

- a) expected future usage;

- b) effects of technological obsolescence;
- c) expected wear and tear from use or the passage of time;
- d) the maintenance program;
- e) studies of similar items retired; and
- f) the condition of existing comparable items.

Amortization:

Tangible Capital assets are to be amortized straight-line over their useful life with a half year of amortization recognized in the first and last years. No amortization will be recorded on bare land that has an unlimited life.

The amortization period for all assets has been identified above in the valuation section of this policy.

Valuation:

Tangible capital assets should be recorded at cost plus all ancillary charges necessary to place the asset in its intended location and condition for use.

Purchased assets

Cost is the gross amount of consideration paid to acquire the asset. It includes all non-refundable taxes and duties, freight and delivery charges, installation and site preparation costs, etc.

Cost of land includes purchase price plus legal fees, land registration fees, transfer taxes, etc. Costs would include any costs to make the land suitable for intended use, such as pollution mitigation, demolition and site improvements that become part of the land.

When two or more assets are acquired for a single purchase price, the cost should be allocated to the various assets acquired. Allocation should be based on the fair value of each asset at the time of acquisition or some other reasonable basis if fair value is not readily determined.

Acquired, Constructed or Developed assets

Cost includes all costs directly attributable (i.e. Construction, architectural and other professional fees) to the acquisition, construction or development of the asset. Carrying costs such as internal design, inspection, administrative and overhead costs directly attributable to the construction or development activity may be capitalized.

Capitalization of carrying costs ceases when construction or development is taking place when the tangible capital asset is ready for use. An asset is ready for use when the asset is substantially complete.

Capitalization of interest costs

Borrowing costs incurred by the acquisition, construction and production of an asset that takes a substantial period of time to get ready for its intended use should be capitalized as part of the cost of that asset.

Capitalization of interest costs should commence when the expenditures are being incurred, borrowing costs are being incurred and activities that are necessary to prepare the asset for its intended use are in progress. Capitalization should be suspended during periods which active development is interrupted. Capitalization should cease when substantially all of the activities necessary to prepare the asset for its intended use are complete. If only minor modifications are outstanding, this indicates that substantially all of the activities are complete.

Donated or contributed assets

The cost of the donated or contributed assets that meet the criteria for recognition is equal to the fair value at the date of construction or contribution. Fair value may be determined using market or appraisal values. Cost may be determined by an estimate of replacement cost. Ancillary costs should be capitalized. Revenue for the value of the contributed asset will be recognized when the asset is added to the asset register.

Historical and Cultural Assets

The cost of historical and cultural assets will not be capitalized. Cultural and historical assets will be disclosed in the notes on our financial statements for information purposes only.

CORPORATE & FINANCIAL SERVICES POLICY SECTION 2.3 - DISPOSALS	2.3.1 FIXED ASSETS Page 1/1
Effective Date:	Revised: May 5/20 CM – Res. CM-2020-05-27 (Policy Restructure)

PURPOSE

To ensure proper disposition of all fixed assets and recording of transactions in the fixed asset register.

Disposals

Property shall be determined to be surplus when it becomes obsolete or the continued use of which is uneconomical or inefficient, or which serves no useful function.

Disposition of surplus property shall be approved by Council before the property is disposed of, in one of the following six ways:

- 1) Trade In/Execution of Guaranteed Buy Back Option on replacement item
- 2) Sell the item via competitive bid
- 3) Sell the item via public auction
- 4) Donation to other non-profit/government agency
- 5) On Consignment with Dealer
- 6) Discard

The CAO/designate will be responsible for determining the proper method of disposal that will assure the maximum possible recovery from such disposal, at the least possible cost.

Transfers

Transfers are defined as any movement of an asset by virtue of change in location or department.

Disposals and internal transfers of County Assets shall be reported to finance in a timely manner.

CORPORATE & FINANCIAL SERVICES POLICY SECTION 2.3 - DISPOSALS	2.3.2 USED SUPPLIES & MATERIALS Page 1/1
Effective Date:	Revised: Jan. 5/09 CM – Res. 10-10 Revised: May 5/20 CM – Res. CM-2020-05-27 (Policy Restructure)

PURPOSE

To ensure proper disposal of used supplies & Materials.

1. Used oil, filters, blades, scrap metal and plastic containers are to be picked up and disposed of by a contractor. Any funds realized from this transaction will be sent to the County Office in the form of a cheque.
2. Used culverts are to be sold to ratepayers, on a first come/first served basis at a rate to be determined by the Public Works Superintendent.

CORPORATE & FINANCIAL SERVICES POLICY SECTION 2.4 – RISK CONTROL	2.4.1 POLICY STATEMENT Page 1/1
Effective Date: Dec 18/07	Revised:07-656 Revised: May 5/20 CM – Res. CM-2020-05-27 (Policy Restructure)

PURPOSE

Control & reduce insurance and other risk related costs.

Wheatland County is committed to delivering cost-effective services that best meet the needs of our taxpayers and community. We support and participate in the Jubilee RiskPro Training Program to help us achieve the following goals:

- The active control and reduction of our insurance and other risk-related costs;
- The protection of the interests of the stakeholders in our community;
- The prevention of losses arising from damage to community assets and liability claims;
- The reasonable assurance of uninterrupted municipal operations and delivery of services to our community stakeholders;
- When losses cannot be prevented, to ensure that the impact of losses on the organization and our community stakeholders is as minimal as possible.

To help ensure a mutual benefit for Wheatland County and other MD's & Counties in the Province of Alberta, we also support the exchange of knowledge and information with other MD's & Counties that are participating in the Jubilee Riskpro Training Program.

Council hereby delegates to the Chief Administrative Officer the authority and responsibility to designate:

- A Risk Control Coordinator, to facilitate the County's progress through the Jubilee RiskPro Training Program training process and the implementation of risk improvements;
- A Risk Control Committee, comprised of representatives from key departments that will help implement risk improvements within the community.

The terms of reference for the Risk Control Coordinator and Risk Control Committee are set out below.

CORPORATE & FINANCIAL SERVICES POLICY SECTION 2.4 – RISK CONTROL	2.4.2 TERMS OF REFERENCE Page 1/2
Effective Date: Dec 18/07	Revised:07-656 Revised: May 5/20 CM – Res. CM-2020-05-27 (Policy Restructure)

PURPOSE

Establish Terms of Reference for Risk Control Positions.

The Risk Control Policy and Terms of Reference should encompass the following:

Identify the basic goals and objectives of Risk Control Program:

- To control the frequency and cost of Property, Liability and Automobile claims incurred by the organization;
- To help control and reduce the long-term insurance costs for the organization;
- To protect rate payers from the interruption of important municipal operations and services;
- To help protect the public interest and ensure a safe and well-managed community.

Appoint/designate the Risk Control Coordinator (as primary facilitator) and the initial membership of the Risk Control Committee, with representatives from the key targeted claims areas:

- Department(s) responsible for the operation, inspection and maintenance of public facilities;
- Department(s) responsible for the design, construction, inspection and maintenance of roadways and sidewalks;
- Department(s) responsible for the design, construction, inspection and maintenance of the municipal sewer and water infrastructure.

Identify the specific roles of the Risk Control Coordinator and Risk Control Committee, as per the relevant checklist (see "DELIVERABLES").

Identify the nature and frequency of reporting (incidents, claims, risk improvement initiatives, and status reports) that will be provided to the Senior Management Team and Council.

Risk Control Coordinator

- Primary responsibility for completion of the "pre-work" for each training module, as applicable; Participate in all Jubilee RiskPro training modules;
- In house champion needed to facilitate the successful implementation of training "deliverables";
- Identify key individuals within the organization that should attend specific training modules, and encourage their participation;
- Initiate and organize meetings of the Risk Control Committee, and prepare Committee meeting agendas;
- Provide internal status / progress reporting to the senior management team and/or Council;
- Primary responsibility for compliance with the audit requirements;
- Collaborate with the Risk Control Coordinators in other communities to share successes and assist each other with effecting risk improvements.

Risk Control Committee

- Develop and recommend a policy-level statement of commitment to the Jubilee RiskPro Training Program for adoption by Council;
- Review and assess the claims experience of the organization / peer group / Program to help determine risk improvement priorities;
- Prepare technical recommendations to the senior management team / Council regarding risk improvement priorities;
- Review existing policies and procedures relating to key exposure areas for the organization and, where necessary, make recommendations to Council for amendments;
- Collaborate with the Risk Control Coordinator in the implementation of risk improvements;
- Develop and implement a tracking and internal reporting process to ensure that the organization is kept well-informed of incidents and claims within the municipality;
- Assess incidents and claims within the municipality to determine, where possible, causes and contributing factors;
- Develop and implement a practical document retention program related to the training objectives;
- Report periodically to Council on claims issues and risk improvements within the municipality.

CORPORATE & FINANCIAL SERVICES POLICY SECTION 2.5 – INVESTMENT POLICY	2.5 INVESTMENTS Page 1/4
Effective Date: Dec 18/07	Revised:07-664 Revised: May 5/20 CM – Res. CM-2020-05-27 (Policy Restructure) Revised: June 1/21 CM – Res. CM-2021-06-29

PURPOSE

The purpose of this policy is to establish and maintain practices and procedures for investment of funds held by the County. This investment policy applies to all investment transactions involving the financial assets of the County and must be applied by any party managing County investments.

POLICY

Wheatland County will invest public funds in a prudent manner that provides the highest return with the maximum security while meeting daily cash flow needs and conforming to all provincial statutes and regulations governing the investment of municipal funds.

OBJECTIVES

The primary objectives of the County’s investment activities are preservation of capital, liquidity, risk mitigation and investment returns.

Preservation of Capital

The County recognizes its fiduciary responsibility for the stewardship of public funds with which it has been entrusted. Therefore, its foremost investment objective is to ensure the preservation of capital.

Liquidity

The investment portfolio will remain sufficiently liquid to enable the County to meet operating requirements which might be reasonably anticipated. The portfolio should consist largely of securities with active secondary or resale markets.

Risk Mitigation

The County will manage risk by ensuring there is sufficient diversification among the assets in its investment portfolios. Additional risk control is provided by the constraints on the permitted investments.

Investment Returns

The County will seek to maximize the rate of return earned on its investments while following prudent investment principles.

STANDARDS OF CARE

Prudence

Investments shall be made with judgment and care. Investment officials exercising due diligence and acting in accordance with procedures consistent with this investment policy shall be relieved of personal responsibility for market price changes or the credit risk of a certain investment provided that appropriate action is taken to control adverse developments and that such developments are reported on a timely basis.

Conflict of Interest

Investment officials shall refrain from personal business transactions that could conflict with the proper execution of their responsibilities, or which may impair their ability to make impartial investment decisions. Investment officials shall disclose to the Chief Administrative Officer any material interests in financial institutions that conduct business with the County, and they shall separate their personal investment transactions from those of the County.

Authority and Internal Control

The Chief Administrative Officer is ultimately responsible and accountable for the control, management, and administration of the County's investments in accordance with the investment policy approved by Council. The Chief administrative Officer may delegate this responsibility. The Chief Administrative Officer or Appointed Delegate shall establish appropriate guidelines, procedures, and internal controls:

- To ensure the achievement of the objectives identified within this policy.
- For authorizing officers and employees to engage in investment activities.
- For purchasing and selling investments.
- For custody and safekeeping of investments.
- For the accounting and reporting of investment activities.

Where external resources have been engaged to provide investment services, they are required to follow the CFA Institute Code of Ethics and Standards of Professional Conduct and provide certification to the Manager of Finance that the investments meet the terms of this investment policy before investments are made.

PERMITTED INVESTMENTS

The County only invests in the securities which are Authorized Investments as defined and described by sections 250(1) and (2) of the Municipal Government Act (MGA) RSA 2000 Chapter M-26 (as amended).

Schedule I and Schedule II below identify the securities that the Chief Administrative Officer or Appointed Delegate can purchase on behalf of and in the name of the County:

Schedule I: Approved Investments - Short-Term Portfolio

Institutions not meeting the minimum required rating, or its equivalent, can be invested into the extent that principal and interest are covered by the Canadian Deposit Insurance Corporation.

The maturity dates of investments in the long-term portfolio will be diversified to minimize effects of fluctuations in any given part of the yield curve and to maintain liquidity for projects anticipated in the County's long term financial plans.

The average duration for the long-term portfolio will not exceed six (6) years.

Shares in Controlled Corporations

Municipally controlled corporations are private corporations where a municipality (or group of municipalities) holds more than 50 per cent of the votes in electing directors of the corporation. A controlled corporation may be formed to provide services, facilities, or other things necessary or desirable for a municipality.

Wheatland County has shares in Wheatland Regional Services Corporation (WRC) for the purposes of delivering water services to several municipalities.

CUSTODY

The Chief Administrative Officer or Appointed Delegate shall ensure:

1. Investment activities are undertaken utilizing internal resources or external (contract) resources or a combination of internal and external resources. The utilization of external resources must be approved by Council.
2. All investment certificates issued to Wheatland County are in the name of or held in the name of Wheatland County.
3. Negotiable securities are held in one of two ways:
 - a. In a safekeeping compartment with the County's banker.
 - b. Held by a third-party custodian in the name of the County and evidenced by safekeeping receipts and monthly statements.
4. Non-negotiable investment certificates are maintained in an appropriate investment file at the County Office.
5. All security transactions are conducted on a delivery-versus-payment basis.

DEFINITIONS

"Appointed Delegate" for the purpose of this policy, designates of the Chief Administrative Officer include the General Manager of Corporate and Financial Services, the Manager of Finance or any other employee or contracted resource specifically assigned by the Chief Administrative Officer.

PURPOSE

To describe the process for designating historic resources in Wheatland County.

POLICY

In accordance with the Historical Resources Act, RSA 2000, c H-9, Section 26(2), Wheatland County Council, after giving the owner 60 days’ notice, may by bylaw designate any historic resource within the municipality whose preservation it considers to be in the public interest, together with any land in or on which it is located that may be specified in the bylaw, as a municipal historic resource.

Wheatland County Council will also consider public requests for historic resource designation on a case-by-case basis in accordance with the Historical Resources Act. At all times, the County will adhere and follow the requirements as set out in the Historical Resources Act or any other provincial legislation or enactment.

DEFINITIONS

“**Historic Resources**” means any work of nature or of humans that is primarily of value for its paleontological, archaeological, prehistoric, historic, cultural, natural, scientific, or esthetic interest including, but not limited to, a paleontological, archaeological, prehistoric, historic or natural site, structure or object as per the Historical Resources Act.

“**Historic Site**” means any site that includes or consists of an historic resource of an immovable nature or that cannot be disassociated from its context without destroying some of all of its values as an historical resource and includes a prehistoric, historic or natural site or structure as per the Historical Resources Act.

RESPONSIBILITIES

A member of the public interested in municipal historic resource designation is responsible for submitting a written request to Council in accordance with this policy. Council is then responsible for determining whether to grant the request and enact a bylaw designating it as a municipal historic resource. Administration is responsible for ensuring that the process as set out in the Historical Resources Act and internal procedures are accurately completed.

CORPORATE & FINANCIAL SERVICES POLICY SECTION 2.7 – COUNTY VEHICLE & EQUIPMENT REPLACEMENT	2.7 COUNTY VEHICLE & EQUIPMENT REPLACEMENT Page 12
Effective Date: Feb. 5, 2013 (Res. 13-02-56)	Revised: May 5/20 CM – Res. CM-2020-05-27 (Policy Restructure)

PURPOSE

To provide an effective procedure for replacement of County vehicles including light, medium and heavy trucks, sport utility vehicles, and equipment, etc.

Policy Statement:

Wheatland County will utilize a procedure incorporating a life cycle perspective involving the financial implications (net loss/gain), mechanical impacts (repair costs), potential service down-time, public perception and best practices in its approach to County vehicle or equipment replacement.

Department Head Responsibilities:

1. Determines and recommends the type of vehicle or equipment, best fit and service potential for their respective department.
2. Consults with the P.W. Shop Service Manager and/or P.W. Shop Foreman to include recommendations for replacement from a mechanical perspective.
3. Collaborates with P.W. Shop Service Manager, P. W. Shop Foreman and other knowledge sources to determine the approximate resale value of the vehicle or equipment.
4. Consults with the Chief Financial Officer to identify the remaining available amortization, net book value, residual value and net loss/gain pertaining to the vehicle or equipment.
5. Completes the Capital Budget Form (attached) that supports and justifies the vehicle or equipment replacement for CAO review during budget deliberations.
6. Funds Department Capital Reserves and places projected vehicle or equipment replacement costs in the annual budget.

Vehicle or Equipment Replacement Guidelines:

1. Vehicle or equipment replacements will be consistent with the following principles:
 - a. Maximize service life and minimize financial loss upon disposal.
 - b. Utilize Life Cycle Asset Costing as a foundation to support replacement.
 - c. Maintain flexibility in the process to maximize efficiency and effectiveness by utilizing internal knowledge (i.e. vehicle or equipment obsolescence, current market, condition, etc.) to save taxpayers' dollars.
 - d. Utilize buy-back options for appropriate department use when feasible.
 - e. Incorporate special needs of individual departments.
 - f. Maintain the fleet of vehicles or equipment in age and condition that represents Wheatland County as progressive, professional and outstanding.
2. Vehicle or equipment replacement timelines are consistent with Wheatland County Tangible Capital Asset Policy 3.2 to reflect the financial implications of replacement specifically the impacts of betterments, remaining useful life, annual amortization and residual values on the net loss/gain.
3. Leases are not a preferred option but may be considered. Installation of attachments including electronics, headache racks, strobe lights, toolboxes, etc. impact the vehicle or equipment and incur costs when vehicles or equipment are returned. Additionally, there is no economic or tax advantages to Wheatland County.
4. Vehicle or equipment replacement timelines take into consideration the Lifecycle Asset Cost to ensure that maintenance costs are not excessive and loss on disposal is considered.
5. Vehicle or equipment purchases and replacements are categorized and funded for the following departments:
 - a. Administration (Administration, Development, Assessment)
 - b. Agricultural Service Board
 - c. Protective Services
 - d. Public Works
6. Vehicle or equipment procurement practice is consistent with the Wheatland County Purchasing and Procurement Policy 2.1.
7. Vehicle or equipment procurement practice is consistent with the requirements of the New West Partnership Trade Agreement and/or current provincial legislation.

CORPORATE & FINANCIAL SERVICES POLICY SECTION 2.8	DONATION POLICY Page 1/4
Effective Date: May 7, 2013 (Res. 13-05-28)	Revised: May 5/20 (Res. CM-2020-05-27) March 1/22 (Res. CM-2022-03-18)

PURPOSE

To set criteria for donations to, and received by, Wheatland County. This document will act to guide Council and Administration to manage donations in a way that is in the best interest of Wheatland County, as well as being in line with relevant tax receipting rules and regulations.

This policy provides authority and guidance for Administration to collect and track donations on behalf of Wheatland County, and issue charitable donation receipts.

POLICY

This policy supports the County’s commitment to meet the requirements for issuing donation receipts according to the Canada Revenue Agency (CRA). Compliance entails the determination of qualifying donations, as well as adequate record keeping of issued donation receipts, and giving access to such records to the CRA. Failure to comply may result in a suspension of receipting privileges or Qualified Donee status.

DEFINITIONS

“**Fair Market Value**” is usually the highest dollar value you can get for your property in an open and unrestricted market and between a willing buyer and a willing seller who are knowledgeable, informed, and acting independently of each other.

“**Advantage**” as defined by the CRA, is the total value, at the time the gift is made, of all property, services, compensation, or other benefits that a person is entitled to receive in relation to the gift. The advantage may be conditional or receivable in the future, either by the donor or a person or partnership not dealing at arm’s length with the donor.

“**Qualified Donee**” is an organization that can issue official donation receipts for gifts it receives from individuals and corporations. It can also receive gifts from registered charities.

RESPONSIBILITIES

i. Administration

The Chief Administrative Officer or General Manager of Corporate and Financial Services is responsible for overseeing and signing all tax receipts. Administration

will ensure that processes set in place regarding the donation process (i.e., cash disbursements, tax receipting, etc.) adhere to this policy and are consistent with the CRA guidelines.

ii. Funding External Entities

In order to qualify for a tax receipt any funds or assets that flow through to a separate organization or entity must meet the following criteria:

1. The County retains effective control and supervision of the assets with proper accountability in how assets are being utilized. In accordance with the *Income Tax Act* and PSAB 3150, not-for-profit organizations must provide detailed documentation of all expenditures for projects that are developed on Wheatland County property, prior to donation funds being advanced to the not-for-profit organization.
2. Resources provided are for County activities and initiatives.

If the donation does not fulfill the above criteria, Council will only provide receipts for flow through donations which are made to organizations that are a registered and Qualified Donee with the CRA.

iii. Donation Receipts

1. Charitable donation receipts will not be issued for volunteer help, services, gifts of materials, supplies, or equipment.
2. Tax deductible receipts shall include all details as directed by the CRA.
3. For efficiency of administration, tax receipts will be issued on an annual basis for cumulative donations received within the calendar year.
4. Parties that wish to make donations must clearly identify the project they wish their donation to be used for, prior to acceptance of the donation by Wheatland County.
5. Wheatland County will issue a replacement for an official tax-deductible receipt that is lost or spoiled. This will be done within the proper CRA guidelines. The replacement receipt must include a notation confirming it as a replacement for the lost or spoiled receipt number (serial number of original receipt).
6. Tax-deductible receipts are prepared in duplicate with the original forwarded directly to the donor, and a copy kept on file.

iv. Gifts of Property

In a situation where a donor desires to donate property (i.e., land or structures) to the County, the donations will be reviewed by Council before acceptance. The following information will be considered before acceptance of any donation of property:

1. Description on the asset being donated.
2. Value of any Advantage that may ensue for the donor.
3. Independent appraisal showing the fair market value of the asset(s) being donated. This is a requirement which, if accepted, will be the tax receipt value provided to the donor.
4. Details regarding the appraiser (name, address, date completed).
5. Assessment of any possible liability or operating costs that may be incurred by accepting ownership. This will be provided to Council in order to provide a wholistic summary of the property and how it may benefit or cost the County.

Council may elect to accept or decline a donation for reasons beyond the scope of the above, recognizing that points 1 to 4 are a requirement for issuing a legitimate tax receipt.

v. Restrictions

1. Wheatland County will not refund donations after the funds have been deposited and a receipt issued.

vi. Confidentiality of Information

All information pertaining to donors and donations received by the County are considered confidential. Charitable giving is normally a personal and sensitive issue. To ensure the privacy of donor information, it is necessary to control access to donor and donation information. The Corporate and Financial Services Department will confidentially maintain records on all donors and donations received by the County. A donor may request that his/her gift and/or all information pertaining to that gift remain anonymous.

Effective Date: Dec. 10/13 CM – Res. 13-12-24	Revised: September 16/14 CM – Res. 14-09-68 Revised: July 5/16 CM – Res. 16-07-15 Revised: May 5/20 CM – Res. CM-2020-05-27 (Policy Restructure)

PURPOSE

To provide for the effective control, administration and cancellation of accounts receivable.

AUTHORITY

1. Upon reduction of assessment as a result of Section 305 of the Municipal Government Act (MGA), where the appointed Municipal Assessor deems that the current year's assessment has been levied incorrectly, or where that Assessment Review Board or the Municipal Government Board reduces the assessment, taxes payable must also be adjusted:

Authorization: That the Chief Administrative Officer be authorized to cancel the portions of the current year taxes payable as a result of the Assessor making an adjustment based upon Section 305 or an Assessment Review Board decision (MGA-Section 477) or Municipal Government Board decision (MGA-Section 517) assessment change.

2. Upon cancellation of Crown Leases where the leases have been cancelled and the taxes should have been stopped, as identified by the appointed Municipal Assessor:

Authorization: That the Chief Administrative Officer be authorized to cancel the current year taxes.

3. Upon cancellation of tax accounts other than as identified above:

Authorization: That the Council be the only authority to cancel these tax accounts.

4. Upon determination of accounts receivable or utility accounts receivable being uncollectible:

Authorization: That the Chief Administrative Officer be authorized to cancel uncollectible accounts receivable or utility accounts receivable less than \$1,000.00 and that a summary of those accounts cancelled which are greater than \$250.00 be presented to Council.

5. Upon cancellation of unpaid interest charges:

Authorization: That the Chief Administrative Officer be authorized to cancel unpaid interest charges.

6. Fees, charges and payments:

a) Upon determination that fees, charges or payments are subject to refund:

Authorization: That the Chief Administrative Officer be authorized to refund fees, charges, or payments less than \$1,000.00 and that a summary of those refunds which are greater than \$250.00 be presented to Council.

b) Refunds of complaint fees will only be processed for assessment appeals that result in a change or correction as per Alberta Regulation 310/2009 Section 11(2).

7. Where Administration deems that the original invoice and/or penalties have been issued in error:

Authorization: That the Chief Administrative Officer be authorized to cancel the original invoice and/or penalties.

8. Upon determination that payments have been made resulting in a credit on the account:

Authorization: That the Chief Administrative Officer be authorized to refund amounts less than \$1,000.00 and that a summary of those amounts refunded which are greater than \$250.00 be presented to Council.

9. Cancellation of accounts receivable or utility accounts other than as identified above:

Authorization: That the Council be the only authority to cancel these accounts receivable or utility accounts.

10. In the event that a customer wishes to appeal the decision of the Chief Administrative Officer regarding any requested write off of fees or charges, taxes, utilities or other account receivable, they may write to Council to request a review of the decision.

PROCEDURE

1. Administration will provide written documentation indicating the reasons why the account receivable is being cancelled or reduced. Administration will also provide the general ledger account numbers that will be affected.
2. The Chief Administrative Officer will approve the adjustment. It will then be submitted to the Accounts Receivable Clerk, Tax Clerk, or Utilities Clerk for posting.
3. The Chief Administrative Officer will submit to Council any account receivable cancellation or reduction requiring the Council's authorization. Once approved, it will be forwarded to the Accounts Receivable Clerk, Tax Clerk, or Utilities Clerk for posting.
4. The Chief Administrative Officer will provide Council with the cancelled accounts receivable lists as identified in this policy.
5. A list of accounts written off will be maintained by Administration in an attempt to collect those debts.

GENERAL ACCOUNTS RECEIVABLE COLLECTIONS

The following procedure will be followed regarding general accounts receivable:
