INDEPENDENT AUDITORS' REPORT

To the Members of Council of Wheatland County

We have audited the accompanying financial statements of Wheatland County, which comprise the statement of financial position as at December 31, 2017, the statements of operations, change in net financial assets, and cash flows for the year then ended, and notes, comprising a summary of significant accounting policies and other explanatory information, including Schedules 1 to 3.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on our judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, we consider internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements present fairly, in all material respects, the financial position of Wheatland County as at December 31, 2017, and its results of operations, its change in net financial assets, and its cash flows for the year then ended in accordance with Canadian public sector accounting standards.

MANAGEMENT REPORT

The financial statements are the responsibility of the management of Wheatland County (the "County").

These financial statements have been prepared from information provided by management. Financial statements are not precise since they include certain amounts based on estimates and judgments. Management has determined such amounts on a reasonable basis in order to ensure that the financial statements are presented fairly, in all material respects.

The County maintains systems of internal accounting and administrative controls that are designed to provide reasonable assurance that the financial information is relevant, reliable and accurate and that the County's assets are properly accounted for and adequately safeguarded.

The elected Council of Wheatland County is responsible for ensuring that management fulfils its responsibilities for financial statements. Council carries out its responsibility principally through the Council as a whole.

The Council meets annually with management and the external auditors to discuss internal controls over the financial reporting process, auditing matters and financial reporting issues, and to satisfy itself that each party is properly discharging its responsibilities. Council also considers the engagement or reappointment of the external auditors. Council reviews the monthly financial reports.

The financial statements have been audited by KPMG LLP, Chartered Professional Accountants, external auditors, in accordance with Canadian generally accepted auditing standards on behalf of the Council, residents and ratepayers of the County. KPMG LLP has full and free access to the Council.

Notes to Financial Statements

WHEATLAND COUNTY

Notes to Financial Statements

Year ended December 31, 2017, with comparative information for 2016

1. Significant accounting policies:

The financial statements of Wheatland County (the "County") are the representations of management prepared in accordance with Canadian public sector accounting standards established by the Public Sector Accounting Board of CPA Canada. Significant accounting policies adopted by the County are as follows:

(a) Reporting entity:

The financial statements reflect the assets, liabilities, revenue and expenses, changes in fund balances and change in financial position of the reporting entity which comprises all accounts for the departments that are included in the County's operations, and are therefore accountable to the Council for the administration of their financial affairs and resources.

Taxes levied also includes requisitions for educational, health care, social and other external organizations that are not part of the municipal reporting entity.

The financial statements exclude trust assets that are administered for the benefit of external parties. Interdepartmental and organization transactions and balances are eliminated.

(b) Basis of accounting:

The financial statements are prepared using the accrual basis of accounting. Revenue is recorded when it is earned and measureable. Expenses are recognized as they are incurred and measureable based upon receipt of goods or services and/or a legal obligation to pay is established.

Funds from external parties and earnings thereon restricted by agreement or legislation are accounted for as deferred revenue until used for the purpose specified.

Government transfers, contributions and other amounts are received from third parties pursuant to legislation, regulation or agreement and may only be used for certain programs, in the complete of specific work, or for the purchase of tangible capital assets. In addition, certain user charges and fees are collected for which the related services have yet to be performed. Revenue is recognized in the period when the related expenses are incurred, services performed or the tangible capital assets are acquired.

(c) Cash and short-term investments:

Cash is comprised of cash deposits held with Canadian chartered banking institutions.

Short-term investments are recorded at amortized cost. When there has been a loss in value that is other than a temporary decline, the respective investment is written down to recognize the loss. Interest is accrued on the book value of the investments at a rate equivalent to the effective yield of each investment.

WHEATLAND COUNTY

Notes to Financial Statements, page 2

Year ended December 31, 2017, with comparative information for 2016

1. Significant accounting policies (continued):

(d) Debt charges recoverable:

Debt charges recoverable consist of amounts that are recoverable from municipal agencies or other local governments with respect to outstanding debentures or other long-term debt pursuant to annexation orders or joint capital undertakings. These recoveries are recorded at a value that equals the offsetting portion of the unmatured long-term debt, less actuarial requirements for the retirement of any sinking fund debentures.

(e) Land held for resale:

Land held for resale is recorded at the lower of cost and net realizable value. Cost includes costs for land acquisition and improvements required to prepare the land for servicing such as clearing, stripping, and leveling charges. Retained development costs incurred to provide infrastructure such as water and waste water services, roads, sidewalks, and street lighting are recorded as physical assets under their respective junction.

(f) Requisition over-levy and under-levy:

Over-levies and under-levies arise from the difference between the actual property tax levy made to cover each requisition and the actual amount requisitioned.

If the actual levy exceeds the requisition, the over-levy is accrued as a liability and property tax revenue is reduced. Where the actual levy is less than the requisition amount, the under-levy is accrued as a receivable and as property tax revenue.

Requisition tax rates in the subsequent year are adjusted for any over-levies or under-levies of the prior year.

(g) Government transfers:

Government transfers are the transfer of assets from senior levels of government that are not the result of an exchange transaction, are not expected to be repaid in the future, or the result of a direct financial return.

Government transfers are recognized in the financial statements as revenue in the period in which events giving rise to the transfer occur, providing the transfers are authorized, any eligibility criteria have been met, and reasonable estimates of the amounts can be determined.

(h) Tax revenue:

Tax revenues are recognized when the tax has been authorized by bylaw and the taxable event has occurred.

Requisitions operate as a flow through and are excluded from municipal revenue.

WHEATLAND COUNTY

Notes to Financial Statements, page 3

Year ended December 31, 2017, with comparative information for 2016

1. Significant accounting policies (continued):

(i) Use of estimates:

The preparation of financial statements in conformity with Canadian public sector accounting standards requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenue and expenses during the period. Significant items subject to such estimates and assumptions include the estimated useful lives of tangible capital assets and the allowance for doubtful taxes. Where measurement uncertainty exists, the financial statements have been prepared within reasonable limits of materiality. Actual results could differ from those estimates.

(j) Deferred revenue:

Certain user charges and fees are collected for which the related services have yet to be performed. Revenue is recognized in the period when the related expenses are incurred, services performed, or tangible capital assets acquired.

(k) Non-financial assets:

Non-financial assets are not available to discharge existing liabilities and are held for use in the provision of services. They have useful lives extending beyond the current year and are not intended for sale in the normal course of operations. The change in non-financial assets during the year, together with the excess of revenue over expenses, provides the change in net financial assets for the year.

(i) Tangible capital assets:

Tangible capital assets are recorded at cost which includes all amounts that are directly attributable to acquisition, construction, development or betterment of the assets. The cost, less residual value, of the tangible capital assets is amortized on a straight-line basis over the estimated useful life as follows:

	Years
Land improvements	15-30
Buildings	25-50
Engineered structures	20-55
Machinery and equipment	5-40
Vehicles	5-15

One-half of the annual amortization is charged in the year of acquisition and in the year of disposal. Assets under construction are not amortized until the asset is available for productive use.

WHEATLAND COUNTY

Notes to Financial Statements, page 4

Year ended December 31, 2017, with comparative information for 2016

1. Significant accounting policies (continued):

(k) Non-financial assets (continued):

(ii) Contributions of tangible capital assets:

Tangible capital assets received as contributions are recorded at fair value at the date of receipt and also are recorded as revenue.

(iii) Leases:

Leases are classified as capital or operating leases. Leases which transfer substantially all of the benefit and risks incidental to ownership are accounted for as capital lease. All other leases are accounted for as operating leases and the related lease payments are charged to expenses as incurred.

(iv) Inventory for consumption:

Inventories held for consumption are recorded at the lower of cost and replacement cost, with cost determined by the average cost method.

(v) Cultural and historical tangible capital assets:

Works of art and cultural and historical assets are not recorded as assets in these financial statements.

(l) Liability for Contaminated Sites:

Contaminated sites are a result of contamination being introduced into air, soil, water or sediment of a chemical, organic or radioactive material or live organism that exceeds the maximum acceptable concentrations under an environmental standard. This standard relates to sites that are not in productive use and sites in productive use where an unexpected event resulted in contamination. A liability for remediation of contaminated sites is recognized when all of the following criteria are met:

- an environmental standard exists;
- contamination exceeds the environmental standard;
- the County is directly responsible or accepts responsibility
- the County expects the future economic benefits will be given up; and
- a reasonable estimate of the amount can be made.

The adoption of this standard has not resulted in any changes to the measurement and recognition of liabilities in the County's financial statements.

Year ended December 31, 2017, with comparative information for 2016

1. Significant accounting policies (continued):

(m) Change in accounting estimate:

Effective January 1, 2017, the County changed its estimate in the useful lives of certain machinery and equipment to align with the amortization rates and useful lives as recommended by the County's Council. The changes have been applied prospectively. The change in the basis of amortization has had the effect of increasing amortization expense by \$877,812 for the year ended December 31, 2017. Future periods are impacted but estimating the amount is impractical and will be incorporated in future budgets commencing January 1, 2018.

2. Future accounting pronouncements:

The Public Sector Accounting Board recently announced the following accounting pronouncements:

(a) Financial instruments:

This accounting pronouncement establishes standards on how to account for and report all types of financial instruments including derivatives. Financial instruments include primary instruments and derivative instruments. It is effective for fiscal years beginning on or after April 1, 2019 for governments, with early adoption encouraged.

(b) Foreign currency translation:

This accounting pronouncement establishes standards on how to account for and report transactions that are denominated in a foreign currency in government financial statements. It is effective for fiscal years beginning on or after April 1, 2019 for governments, with early adoption encouraged.

Management is assessing the impact of the adoption of these standards which is not known or reasonably estimable at this time.

16. Debt limits:

Section 276 (2) of the Municipal Government Act requires that debt and debt limits as defined by Alberta Regulation 255/00 for the County be disclosed as follows:

	2017	2016
Total debt limits	\$ 57,177,099	\$ 55,059,529
Total debt (note 9)	2,194,709	2,391,198
	<u>\$ 54,982,390</u>	<u>\$ 52,668,331</u>

	2017	2016
Debt servicing limit	\$ 9,529,517	\$ 9,176,588
Debt servicing (note 9)	268,170	268,170
	<u>\$ 9,261,347</u>	<u>\$ 8,908,418</u>

The debt limit is calculated at 1.5 times revenue of the municipality (as defined in Alberta Regulation 255/00) and the debt service limit is calculated at 0.25 times such revenue. Incurring debt beyond these limitations requires approval by the Minister of Municipal Affairs. These thresholds are guidelines used by Alberta Municipal Affairs to identify municipalities which could be at financial risk if further debt is acquired. The calculation taken alone does not represent the financial stability of the municipality. Rather, the financial statements must be interpreted as a whole.

17. Trust funds:

Trust funds administered by the County on behalf of others consist of the following:

	2017	2016
Madsen charity	\$ 53,041	\$52,309
Madsen scholarship	40,447	40,459
Thurston School	7,797	7,689
Seniors and physically challenged	2,665	2,628
Wheatland Society Arts	-	800
	<u>\$ 103,950</u>	<u>\$ 103,885</u>

The above trust funds are not recorded in the financial statements.

18. Local authorities pension plan:

Employees of the County participate in the Local Authorities Pension Plan (LAPP), which is one of the plans covered by the Alberta Public Sector Pensions Plans Act. The plan serves approximately 244,000 people and 426 employers. The LAPP is financed by the employer and employee contributions and by investment earnings of the LAPP fund.

Contributions for current services are recorded as expenditures in the year in which they become due.

The County is required to make current service contributions to the LAPP of 11.39% of pensionable earnings up to the year's maximum pensionable earnings under the Canada Pension Plan and 15.84% on pensionable earnings above this amount. Employees of the County are required to make current service contributions of 10.39% of pensionable salary up to the year's maximum pensionable salary and 14.84% on pensionable salary above this amount.

Total current service contributions by the County to the LAPP in 2017 were \$932,784 (2016 - \$872,177). Total current service contributions by the employees of the County to the LAPP in 2017 were \$840,647 (2016 - \$805,875).

19. Commitments and contingencies:

Wheatland County is a member of the Jubilee Reciprocal Insurance Exchange (JRIE) and the Genesis Reciprocal Insurance Exchange (GRIE) which provide liability insurance. The investment in these programs is not reflected as an asset in the accompanying financial statements. Under the terms of membership, the County could become liable for its proportionate share of any claim losses in excess of the funds held by either exchange. Any liability incurred would be accounted for as a current transaction in the year the losses are determined.

From time to time, the County is subject to claims and other lawsuits that arise in the ordinary course of business, some of which may seek damages in substantial amounts. Liability for these claims and lawsuits are recorded to the extent that the probability of a loss is likely and it is estimable. At the time of the financial statement preparation, there has been no resolution or indication that the settlement of these actions will result in any material liabilities.

20. Financial instruments:

It is management's opinion that the County is not exposed to significant interest or currency risk arising from its financial instruments. The County is subject to credit risk with respect to taxes and grants in place of taxes receivables and trade and other receivables. Credit risk arises from the possibility that taxpayers and entities to which the County provides services may experience financial difficulty and be unable to fulfill their obligations. The large number and diversity of taxpayers and customers minimizes the credit risk. Unless otherwise noted, the carrying value of the financial instrument approximates fair value.

21. Salary and benefits disclosure:

Disclosure of salaries and benefits for elected municipal officials, the chief administrative officer and designated officers as required by Alberta Regulation 313/2000 is as follows:

	Salary (1)	Benefits & allowances (2)	2017	2016
Council:

Chief Administrative Officer Parkin	177,760	34,556	212,316	203,673

(1) Salary includes regular base pay, bonuses, overtime, lump sum payments, gross honoraria and any other direct cash remuneration.

(2) Benefits and allowances include the employer's share of all employee benefits and contributions or payments made on behalf of employees including pension, health care, dental coverage, vision coverage, group life insurance, accidental disability and dismemberment insurance, long and short term disability plans, professional memberships, and tuition. Benefits and allowances figures also include the employer's share of the costs of additional taxable benefits including special leave with pay, financial planning services, retirement planning services, concessionary loans, travel allowances, car allowances, and club memberships.

22. Works of Art and Historical Treasures:

The County manages and controls works of art and non-operational historical cultural assets including the Gleichen Water Tower. These assets are not recorded as tangible capital assets and are not amortized, which is consistent with Canadian public sector accounting standards. As at December 31, 2017, the County has incurred cumulative costs of \$509,641 (2016 - \$509,641) to maintain these assets.

23. Provision for reclamation:

26. Segmented disclosure:

The County provides a range of services to its ratepayers. For each reported segment, revenues and expenses represent both amounts that are directly attributable to the segment and amounts that are allocated on a reasonable basis. The accounting policies used in these segments are consistent with those followed in the preparation of the financial statements as disclosed in note 1. Refer to the schedule of segmented disclosure (Schedule 3).

The segments have been selected based on the Financial Information Return segmentation reported annually to Alberta Municipal Affairs. Segments include:

- General Government is comprised of Legislative and Administrative services
- Protective Services is comprised of Police, Fire, Disaster, Ambulance, and Bylaw services
- Transportation Services is comprised of Roads, Streets, Walks, and Lighting services
- Environmental Services is comprised of Water Supply and Distribution, Wastewater Treatment and Disposal, and Waste Management services
- Public Health Services is comprised of Public Health and Welfare services
- Planning and Development is comprised of Subdivision Land and Development, and Economic and Agricultural Development services
- Recreation and Culture is comprised of Library, and Parks and Recreation services
