Introduction to Our Stakeholders

Wheatland County is pleased to present its Annual Report, which provides an overview of the County's corporate and financial accomplishments throughout 2021. These accomplishments are based on Wheatland County's Strategic Plan outlined in the report and the County's audited financial statements.

The Wheatland County Annual Report is divided into three sections:

Introductory Section

- Message from the Reeve and Chief Administrative Officer
- An overview of the County, including its municipal profile and government structure

Strategic Planning Section

 A summary of the County's financial and capital strategic planning, including Wheatland County's four strategic priorities

Financial Section

- Management and Auditor's Reports
- Audited financial statements, including related notes and schedules
- Discussion and analysis of the financial statements is also included to enhance the reader's understanding of the County's fiscal results and overall condition

Wheatland County Profile

Wheatland County has a population of 8,788 residents. The County is bordered on the west by Rocky View County, the south by Vulcan County and Siksika Nation, the east by the County of Newell and Special Areas 2, and on the north by Kneehill County and the Town of Drumheller.

The prairie's natural beauty fills the eye in all parts of Wheatland County. From the golden fields near Standard to the badlands of the northeast, to the tranquillity of the Bow River near Carseland. Wheatland County is an ideal blend of rural and urban lifestyles, we are next door to the City of Calgary, the fastest growing city in the most vibrant province of Canada.

Our proud heritage of independence and hard work shows in our farms and ranches – and our pride in the past is still evident in community rodeos and fairs each summer and fall. Our work ethic and dedicated stewardship of the land, once primarily agricultural, is now our strength as we look forward to the future. Continuing growth and development in agribusiness, oil and gas, and manufacturing will add a vibrant entrepreneurial outlook. The population of Wheatland County is over 8,700, with the population concentrated in the communities of Carseland, Gleichen, Speargrass, and Lyalta. The future population growth will be clustered in the above named communities, based on the capacity available for water treatment, wastewater infrastructure, and land use planning.

The majority of households are couples with or without children, accounting for 75% of the population in the County . Approximately 38% of households in Wheatland County have children living in the home, which is higher than the national average. In Wheatland County, 88% of the population live in single family houses and nearly 10% live in mobile homes. Housing options are limited within the County, and the addition of more rental or multi-family housing options would help attract more residents in to the area.

With community spirit abound, and spread throughout all of Wheatland County, there is plenty of room to grow and make

connections with neighbours, family, and friends. Community Halls and Associations, Ag. Societies, and sports and social clubs can be found in all areas of the County. There is something for everyone.

Municipal
Planning
Commission

- Acts as the Development Authority and Subdivision Authority for any applications referred to it by any County bylaw or procedure. These applications would include most discretionary development permits and any subdivision applications.
- Under the Municipal Government Act, has all the development powers and duties when acting as the Development Authority and has all the subdivision powers and duties when acting as the Subdivision Authority.

Agricultural Services Board

- Advise County Council and the Minister of Agriculture on matters of mutual concern
- Advise, organize, and direct weed and pest control, livestock disease control, and soil and water conservation programs
- Promote, enhance, and protect viable and sustainable agriculture with a view to improving the economic viability of the agricultural producer
- Promote and develop agricultural policies to meet the needs of the agricultural industry in the County

County Committees

Message From Reeve, Amber Link

On behalf of Council, it is my pleasure to present Wheatland County's 2021 Annual Report.

2021 was a year of economic recovery, strategic investment in infrastructure, investment attraction, and sustainability, all while focusing on fiscal efficiency. As a Council, we appreciate the hard work and dedication from our strong senior leadership team and the entire Wheatland County staff. Through proactive planning, and implementing our business continuity plan, our team continues to encourage development within

our borders while protecting our heritage and agricultural land.

During the pandemic, unique challenges arose that inevitably inspired Council to listen, learn, change, and grow. As a result, Council participated in a strategic planning session to better align our mission, vision, values, and key priorities for Wheatland County's future. By developing strong relationships, providing services to our community, making decisions with high integrity for the benefit of the community, innovating to intelligently serve our community, and listening to the voices of our stakeholders, Wheatland County continues to overcome challenges and lay the foundation for future growth.

In 2021, Council approved Bylaw 2021-23 to offer a municipal tax incentive to attract large scale investment, as well as provide an opportunity for existing businesses to expand and receive the same benefits as new investors. This tax incentive is a vital part of positioning Wheatland County as being the strongest investment destination for businesses in Alberta. We are proud to be one of the first municipalities in Alberta to implement a municipal property tax incentive and look forward to diversifying our rural

economy and continuously striving for sustainability.

Amber Link, Reeve
Division 2 Councillor

Wheatland County will continue to enhance customer service efficiencies and face challenges with integrity, innovation, and resourcefulness. We will continue to collaboratively work with all levels of government, actively attract business development, and transparently engage with our ratepayers for the betterment of our community.

Message From Chief Administrative Officer, Brian Henderson

It is my pleasure to present Wheatland County's 2021 Annual Report. Despite the pandemic, Wheatland County continues to grow and implement innovative programs to enhance our customer service processes in a fiscally responsible manner.

We are proud to say that Wheatland County continues to set new standards in delivery of services and remains a leader regarding fiscal stability within Alberta – despite the decline in the economy. In 2021,

an Investment Attraction Strategy Action Plan was drafted and approved by Council. As a result of the Council's strategic planning and direction, work continues to expand on investments in the energy, manufacturing, and agribusiness sectors. There has been ongoing collaboration with the Province of Alberta on several investments and developments. We were also fortunate to have completed two significant infrastructure projects in 2021 - the Carseland Fire Hall and the new Rosebud Lagoon.

Throughout the pandemic, Wheatland County developed a stronger online presence, such as providing online learning opportunities and workshops, streamlining monthly utility payments, modernizing virtual attendance at Council Meetings, actively communicating to ratepayers through our website and social media platforms, and much more. Improving our online presence has provided more opportunities for public engagement that we hope to continue, even after the pandemic is over. In 2022, we will be conducting a communications survey to gain more perspective about how our ratepayers prefer to receive communication from the County.

Main Balan

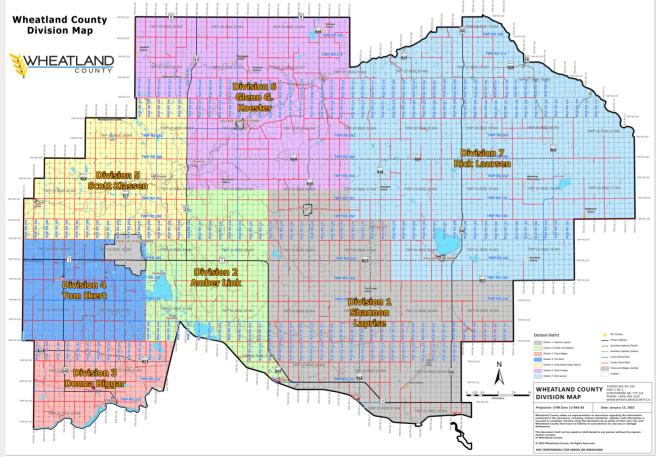

Brian Henderson
Chief Administrative Officer

We see an exciting future for Wheatland County, especially with a new economic development strategy in place and an additional Economic Development Officer position on the horizon. The successes we experienced this year were possible due to the direction and support of Council and the continued commitment and dedication of our employees.

Wheatland County Consolidated Financial Statements

December 31, 2021

Management's Responsibility

To the Reeve and Councillors of Wheatland County:

The accompanying consolidated financial statements of Wheatland County are the responsibility of management and have been approved by Council.

Management is responsible for the preparation and presentation of the accompanying consolidated financial statements, including responsibility for significant accounting judgments and estimates in accordance with Canadian public sector accounting standards. This responsibility includes selecting appropriate accounting principles and methods and making decisions affecting the measurement of transactions in which objective judgment is required.

In discharging its responsibilities for the integrity and fairness of the consolidated financial statements, management designs and maintains the necessary accounting systems and related internal controls to provide reasonable assurance that transactions are authorized, assets are safeguarded, and financial records are properly maintained to provide reliable information for the preparation of financial statements.

Council is composed entirely of individuals who are neither management nor employees of the County. Council is responsible for overseeing management in the performance of its financial reporting responsibilities, and for approving the consolidated financial statements. Council fulfills these responsibilities by reviewing the financial information prepared by management and discussing relevant matters with management and external auditors. Council is also responsible for recommending the appointment of the County's external auditors.

MNP LLP is appointed by Council to audit the consolidated financial statements and report directly to them; their report follows. The external auditors have full and free access to, and meet periodically and separately with, both Council and management to discuss their audit findings.

April 5, 2022

Chief Administrative Officer

Independent Auditor's Report

To the Reeve and Councillors of Wheatland County:

Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the consolidated financial statements of Wheatland County (the "County"), which comprise the consolidated statement of financial position at December 31, 2021, the consolidated statements of operations, change in net financial assets, cash flows and schedules 1 through 3 for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the financial position of Wheatland County as at December 31, 2021, and the results of its operations, change in net financial assets, and its cash flows for the year then ended in accordance with Canadian public sector accounting standards.

Basis for Opinion

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the County in accordance with the ethical requirements that are relevant to our audit of the consolidated financial statements in Canada, and we have fulfilled our ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the County's ability to continue as a going concern, disclosing, as applicable, matters relating to going concern and using the going concern basis of accounting unless administration either intends to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the County's financial reporting process.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risk of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit
 procedures that are appropriate in the circumstances, but not for the purpose of
 expressing an opinion on the effectiveness of the County's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the County's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the County to cease to continue as a going concern.
- Evaluate the overall presentation, structure, and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Report on Other Legal and Regulatory Requirements

- Debt Limit Regulation:
 - In accordance with Alberta Regulation 255/2000, we confirm that the municipality is in compliance with the Debt Limit Regulation. A detailed account of the Entity's debt limit can be found in note 17.
- Supplementary Accounting Principles and Standards Regulation: In accordance with Alberta Regulation 313/2000, we confirm that the municipality is in compliance with the Supplementary Accounting Principles and Standards Regulation and note the information required can be found in note 22.

Notes to Consolidated Financial Statements, page 1

Year ended December 31, 2021, with comparative information for 2020

1. Significant accounting policies:

The consolidated financial statements of Wheatland County (the "County") are the representations of management prepared in accordance with Canadian public sector accounting standards established by the Public Sector Accounting Board of CPA Canada. Significant accounting policies adopted by the County are as follows:

(a) Reporting entity:

The consolidated financial statements reflect the assets, liabilities, revenue and expenses, changes in fund balances and change in financial position of the reporting entity which comprises all accounts for the departments that are included in the County's operations and are therefore accountable to the Council for the administration of their financial affairs and resources.

Taxes levied also includes requisitions for educational, health care, social and other external organizations that are not part of the municipal reporting entity.

The consolidated financial statements exclude trust assets that are administered for the benefit of external parties. Interdepartmental and organization transactions and balances are eliminated.

(b) Basis of accounting:

The consolidated financial statements are prepared using the accrual basis of accounting. Revenue is recorded when it is earned and measurable. Expenses are recognized as they are incurred and measurable based upon receipt of goods or services and/or a legal obligation to pay is established.

Funds from external parties and earnings thereon restricted by agreement or legislation are accounted for as deferred revenue until used for the purpose specified.

Government transfers, contributions and other amounts are received from third parties pursuant to legislation, regulation or agreement and may only be used for certain programs, to complete specific work, or for the purchase of tangible capital assets. In addition, certain user charges and fees are collected for which the related services have yet to be performed. Revenue is recognized in the period when the related expenses are incurred, services performed, or the tangible capital assets are acquired.

(c) Cash and cash equivalents:

Cash is comprised of cash deposits held with Canadian chartered banking institutions and short-term investments with maturities of three months or less.

WHEATLAND COUNTY

Notes to Consolidated Financial Statements, page 2

Year ended December 31, 2021, with comparative information for 2020

1. Significant accounting policies (continued):

(d) Portfolio investments:

Investments are recorded at amortized cost. When there has been a loss in value that is other than a temporary decline, the respective investment is written down to recognize the loss. Investment premiums or discounts are amortized over the life of the respective investment.

(e) Debt charges recoverable:

Debt charges recoverable consist of amounts that are recoverable from municipal agencies or other local governments with respect to outstanding debentures or other long-term debt pursuant to annexation orders or joint capital undertakings. These recoveries are recorded at a value that equals the offsetting portion of the unmatured long-term debt, less actuarial requirements for the retirement of any sinking fund debentures.

(f) Land held for resale:

Land held for resale is recorded at the lower of cost and net realizable value. Cost includes costs for land acquisition and improvements required to prepare the land for servicing such as clearing, stripping, and leveling charges. Retained development costs incurred to provide infrastructure such as water and wastewater services, roads, sidewalks, and street lighting are recorded as physical assets under their respective junction.

(g) Requisition over-levy and under-levy:

Over-levies and under-levies arise from the difference between the actual property tax levy made to cover each requisition and the actual amount requisitioned.

If the actual levy exceeds the requisition, the over-levy is accrued as a liability and property tax revenue is reduced. Where the actual levy is less than the requisition amount, the underlevy is accrued as a receivable and as property tax revenue.

Requisition tax rates in the subsequent year are adjusted for any over-levies or under-levies of the prior year.

(h) Government transfers:

Government transfers are the transfer of assets from senior levels of government that are not the result of an exchange transaction, are not expected to be repaid in the future, or the result of a direct financial return.

Government transfers are recognized in the financial statements as revenue in the period in which events giving rise to the transfer occur, providing the transfers are authorized, any eligibility criteria have been met, and reasonable estimates of the amounts can be determined.

Notes to Consolidated Financial Statements, page 3

Year ended December 31, 2021, with comparative information for 2020

1. Significant accounting policies (continued):

(i) Tax revenue:

Tax revenues are recognized when the tax has been authorized by bylaw and the taxable event has occurred.

Requisitions operate as a flow through and are excluded from municipal revenue.

(j) Revenue recognition:

Revenue from transactions with no performance obligation is recognized at realizable value when the town has the authority to claim or retain an inflow of economic resources and identifies a past transaction or event giving rise to an asset

Revenue from transactions with performance obligations is recognized as the performance obligations are satisfied by providing the promise goods or services to the payor. User fees are recognized over the period of use, sales of goods are recognized when goods are delivered. Licenses and permits with a single performance obligation at a point in time are recognized as revenue on issuance, those which result in a continued performance obligation over time are recognized over the period of the license or permit as the performance obligation is satisfied.

Offsite levies are recognized as the performance obligation is satisfied.

(k) Use of estimates:

The preparation of financial statements in conformity with Canadian public sector accounting standards requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenue and expenses during the period. Significant items subject to such estimates and assumptions include the estimated useful lives of tangible capital assets, provision for reclamation, valuation of inventory, and the allowance for doubtful taxes. Where measurement uncertainty exists, the financial statements have been prepared within reasonable limits of materiality. Actual results could differ from those estimates.

(I) Deferred revenue:

Certain user charges and fees are collected for which the related services have yet to be performed. Revenue is recognized in the period when the related expenses are incurred, services performed, or tangible capital assets acquired.

WHEATLAND COUNTY

Notes to Consolidated Financial Statements, page 4

Year ended December 31, 2021, with comparative information for 2020

1. Significant accounting policies (continued):

(m) Provision for reclamation:

Contaminated sites are a result of contamination being introduced into air, soil, water, or sediment of a chemical, organic or radioactive material or live organism that exceeds the maximum acceptable concentrations under an environmental standard. This standard relates to sites that are not in productive use and sites in productive use where an unexpected event resulted in contamination. A liability for remediation of contaminated sites is recognized when all of the following criteria are met:

- an environmental standard exists;
- contamination exceeds the environmental standard;
- the County is directly responsible or accepts responsibility;
- the County expects the future economic benefits will be given up; and
- a reasonable estimate of the amount can be made.

(n) Non-financial assets:

Non-financial assets are not available to discharge existing liabilities and are held for use in the provision of services. They have useful lives extending beyond the current year and are not intended for sale in the normal course of operations. The change in non-financial assets during the year, together with the excess of revenue over expenses, provides the change in net financial assets for the year.

(i) Tangible capital assets:

Tangible capital assets are recorded at cost which includes all amounts that are directly attributable to acquisition, construction, development, or betterment of the assets. The cost, less residual value, of the tangible capital assets is amortized on a straight-line basis over the estimated useful life as follows:

	Years
Land improvements	15-30
Buildings	25-50
Engineered structures	20-55
Machinery and equipment	3-20
Vehicles	5-15

One-half of the annual amortization is charged in the year of acquisition and in the year of disposal. Assets under construction are not amortized until the asset is available for productive use.

1

Notes to Consolidated Financial Statements, page 5

Year ended December 31, 2021, with comparative information for 2020

1. Significant accounting policies (continued):

- (n) Non-financial assets (continued):
 - (ii) Contributions of tangible capital assets:

Tangible capital assets received as contributions are recorded at fair value at the date of receipt and also are recorded as revenue.

(iii) Leases:

Leases are classified as capital or operating leases. Leases which transfer substantially all of the benefit and risks incidental to ownership are accounted for as capital lease. All other leases are accounted for as operating leases and the related lease payments are charged to expenses as incurred.

(iv) Inventory for consumption:

Inventories held for consumption are recorded at the lower of cost and replacement cost, with cost determined by the average cost method.

(v) Cultural and historical tangible capital assets:

Works of art and cultural and historical assets are not recorded as assets in these financial statements.

2. Cash and cash equivalents:

	2021	2020
Cash Short-term investments, including accrued interest Cash and short-term investments held in trust (note 18)	\$ 21,126,722 9,184 (3,491)	\$ 27,922,585 31,213,045 (17,742)
Total	\$ 21,132,415	\$ 59,117,888

Short-term investments were moved to longer term Portfolio investments in 2021 (note 3).

WHEATLAND COUNTY

Notes to Consolidated Financial Statements, page 6

Year ended December 31, 2021, with comparative information for 2020

3. Portfolio investments:

		2021		2020
	Cost	Market	Cost	Market
Long-term investments	\$ 45,196,251	\$ 44,203,110	-	-

The County invests in securities authorized through sections 250(1) and 250(2) of the Municipal Government Act. Prior to 2021, investment funds were held in a highly liquid demand deposit account and were therefore treated as cash on the financial statements.

The current investment portfolio includes bonds and deposit notes of Chartered Banks. Effective interest rates for securities held are 1.51% to 2.35% with maturity dates ranging from June 2022 through January 2033.

As the principal amount of the investments are guaranteed, the reduced market value is considered to be a temporary decline in value, and the investments are carried at cost on the statement of financial position.

4. Taxes and grants in place of taxes receivables:

	2021	2020
Current	\$ 3,447,278	\$ 5,991,517
Arrears	1,811,131	1,346,478

Total	\$ 4,234,020	\$ 6,092,319

Notes to Consolidated Financial Statements, page 7

Year ended December 31, 2021, with comparative information for 2020

5. Inventory held for resale:

	2021	2020
Actively selling Available for sale Unserviced	\$ 6,698,499 - 526,973	\$ 7,467,076 1,130,049 526,973
Total	\$ 7,225,472	\$ 9,124,098

Inventory held for resale represents the Lakes of Muirfield lot inventory that the County owns and is in the process of selling.

6. Loan receivable:

The County has issued an unsecured loan in the amount of 108,360 (2020 - 108,360) to the Dalum Fire Association that accrues interest at a rate of 2% per annum (2020 - 2% per annum). As at December 31, 2021, the balance on the loan is 40,173 (2020 - 40,937). Blended payments of 997 are due monthly over ten years, and the loan has a maturity date of September 30,2026.

7. Debt charges recoverable:

	2021	2020
Current debt charges recoverable Non-current debt charges recoverable	\$ 413,269 2,630,831	\$ 403,588 3,044,099
Total (note 10)	\$ 3,044,100	\$ 3,447,687

The County has secured long-term financing on behalf of several community organizations for joint projects within the County. This debt is recoverable from the organizations at interest rates from 2.208% to 2.627%. The debts mature and will be fully recovered starting in the year 2027 and ending in 2029.

Total	\$ 584,291	\$ 787,887

(a) Vacation and overtime:

The vacation and overtime liability is comprised of the vacation and overtime that employees are deferring to future years. Employees have either earned the benefits (and they are vested) or are entitled to these benefits within the next budgetary year.

8. Employee benefit obligations (continued):

(b) Early retirement incentive:

The County provides an early retirement incentive plan. Employees who have at least five years of service and are over the age of 55 are eligible to be paid 3% of their annual salary for every year of service, up to a maximum of 50% of their annual salary.

Council passed a motion restricting participation in the program for new employees of Wheatland County. Employees hired on or after January 2, 2013 are not eligible for this program.

Additionally, Council passed a motion whereby this policy will no longer be in effect after December 31, 2021. All eligible employees must apply for the Retirement Incentive, in writing, by December 31, 2020. Final payment of applicants will occur during the 2022 fiscal year.

10. Long term debt (continued):

Debenture debt is repayable to Alberta Capital Finance Authority and bears interest at rates ranging from 1.288% to 5.875% per annum (2020-1.288% to 5.875% per annum) and matures in periods 2023 to 2033. Debenture debt is issued on the credit and security of the County at large.

Wheatland County's total cash payments for interest on long-term debt is \$94,168 (2020 - \$101,884).

The County has an operating loan facility of up to \$1,700,000, repayable on demand with interest at the bank's prime minus 0.5% per annum. The facility was not used at December 31, 2021 or 2020.

11. Accumulated surplus:

Accumulated surplus consists of internally restricted and unrestricted amounts and equity in tangible capital assets as follows:

	2021	2020
Unrestricted surplus Internally restricted surplus (reserves) (note 12) Equity in tangible capital assets (note 13)	\$ 34,755,359 47,328,143 229,964,253	\$ 32,925,763 46,618,905 235,406,402

WHEATLAND COUNTY

Notes to Consolidated Financial Statements, page 14

Year ended December 31, 2021, with comparative information for 2020

17. Debt limits:

Section 276 (2) of the Municipal Government Act requires that debt and debt limits as defined by Alberta Regulation 255/00 for the County be disclosed as follows:

	2021	2020
Total debt limits Less: Total debt (note 10)	\$ 53,947,361 3,518,740	\$ 53,075,087 3,991,616
Total	\$ 50,428,621	\$ 49,083,471
	2021	2020
Debt servicing limit Less: Debt servicing (note 10)	\$ 8,991,227 567,045	\$ 8,845,848 567,045
Total	\$ 8,424,182	\$ 8,278,803

The debt limit is calculated at 1.5 times revenue of the municipality (as defined in Alberta Regulation 255/00) and the debt service limit is calculated at 0.25 times such revenue. Incurring debt beyond these limitations requires approval by the Minister of Municipal Affairs. These thresholds are guidelines used by Alberta Municipal Affairs to identify municipalities that could be at financial risk if further debt is acquired. The calculation taken alone does not represent the financial stability of the municipality. Rather, the financial statements must be interpreted as a whole.

18. Trust funds:

Trust funds administered by the County on behalf of others consist of the following:

		2021	2020
Reg Thurston Memorial Scholarship	\$	_	\$ 8,257
Western District Historical Society	·	-	6,027
Seniors and Physically Challenged		2,849	2,822

Madsen Scholarship		-	_
Wheatland Society of the Arts		-	_
Total	\$	3,491	\$ 17,742

Notes to Consolidated Financial Statements, page 15

Year ended December 31, 2021, with comparative information for 2020

19. Local authorities pension plan:

Employees of the County participate in the Local Authorities Pension Plan (LAPP), which is one of the plans covered by the Alberta Public Sector Pensions Plans Act. The plan serves approximately 275,000 people and 420 employers. The LAPP is financed by the employer and employee contributions and by investment earnings of the LAPP fund.

Contributions for current services are recorded as expenditures in the year in which they become due.

The County is required to make current service contributions to the LAPP of 9.39% of pensionable earnings up to the year's maximum pensionable earnings under the Canada Pension Plan and 13.84% on pensionable earnings above this amount. Employees of the County are required to make current service contributions of 8.39% of pensionable salary up to the year's maximum pensionable salary and 12.84% on pensionable salary above this amount.

Total contributions by the County to the LAPP in 2021 were \$915,060 (2020 - \$938,040). Total contributions by the employees of the County to the LAPP in 2021 were \$832,126 (2020 - \$854,615).

20. Commitments and contingencies:

Wheatland County is a member of the Jubilee Reciprocal Insurance Exchange (JRIE) and the Genesis Reciprocal Insurance Exchange (GRIE) which provide liability insurance. The investment in these programs is not reflected as an asset in the accompanying financial statements. Under the terms of membership, the County could become liable for its proportionate share of any claim losses in excess of the funds held by either exchange. Any liability incurred would be accounted for as a current transaction in the year the losses are determined.

From time to time, the County is subject to claims and other lawsuits that arise in the ordinary course of business, some of which may seek damages in substantial amounts. Liability for these claims and lawsuits are recorded to the extent that the probability of a loss is likely and it is estimable. At the time of the financial statement preparation, there has been no resolution or indication that the settlement of these actions will result in any material liabilities.

21. Financial instruments:

It is management's opinion that the County is not exposed to significant liquidity risk or interest or currency risk arising from its financial instruments. The County is subject to credit risk with respect to taxes and grants in place of taxes receivables and trade and other receivables. Credit risk arises from the possibility that taxpayers and entities to which the County provides services may experience financial difficulty and be unable to fulfill their obligations. The large number and diversity of taxpayers and customers minimizes the credit risk. Unless otherwise noted, the carrying value of the financial instrument approximates fair value.

WHEATLAND COUNTY

Notes to Consolidated Financial Statements, page 16

Year ended December 31, 2021, with comparative information for 2020

22. Salary and benefits disclosure:

Disclosure of salaries and benefits for elected municipal officials, the chief administrative officer and designated officers as required by Alberta Regulation 313/2000 is as follows:

		Benefits &		
	Salary (1)	allowances (2)	2021	2020
Council:				
Division 1 –Wilson	21,464	51,628	73,092	16,672
Division 1 - Laprise	2,683	5,695	8,378	-
Division 2 - Link	38,512	37,368	75,880	81,335
Division 3 - Biggar	31,197	39,776	70,973	64,312
Division 4 - Ikert	32,197	37,292	69,489	64,487
Division 5 - Klassen	32,263	32,954	65,217	61,380

Total	352,311	66,758	419,069	410,754

- (1) Salary includes regular base pay, bonuses, overtime, lump sum payments, gross honoraria and any other direct cash remuneration.
- (2) Benefits and allowances include the employer's share of all employee benefits and contributions, or payments made on behalf of employees including pension, heath care, dental coverage, vision coverage, group life insurance, accidental disability and dismemberment insurance, long and short-term disability plans, professional memberships, and tuition. Benefit and allowance figures also include the employer's share of the costs of retirement planning services, concessionary loans, travel allowances, car allowances, and club memberships.

23. Works of Art and Historical Treasures:

The County manages and controls works of art and non-operational historical cultural assets including the Gleichen Water Tower. These assets are not recorded as tangible capital assets and are not amortized, which is consistent with Canadian public sector accounting standards. As at December 31, 2021, the County has incurred cumulative costs of \$509,641 (2020 - \$509,641) to maintain these assets.

Notes to Consolidated Financial Statements, page 17

Year ended December 31, 2021, with comparative information for 2020

24. Provision for reclamation:

	2021	2020
Balance, beginning of year Inflation and other adjustments	\$2,014,082 (96,676)	\$ 2,070,850 (56,768)
Balance, end of year	\$2,110,758	\$2,014,082

Management considers that the requirements to record a liability for remediation of contaminated sites is required for a specific site location, as well as its gravel pits.

25. Budget data:

The final 2021 budget for the County was approved by Council on April 6, 2021. Below is a reconciliation of the original bylaw to the Consolidated Statement of Operations.

Deficiency o	revenue	over	expenses:
--------------	---------	------	-----------

Payment of debt principal	1,763,933
Less:	
Transfers from reserves	(2,561,659)
Receipt of debt principal payments	(482,720)
as per Consolidated Statement of Operations	\$ (11,144,838)

26. Significant event

During the year, COVID-19 (coronavirus) continued to have a significant impact on organizations and governments through the restrictions put in place by the Canadian, provincial, and municipal governments regarding travel, business operations and isolation/quarantine orders.

The impact of COVID-19 on the County has been limited during 2021. The County received stimulus funding from the provincial government to offset incremental costs and reduced revenue associated with COVID-19.

27. Comparative information:

Certain comparative figures have been reclassified to be consistent with current year presentation.

THE SECOND

WHEATLAND COUNTY

Notes to Consolidated Financial Statements, page 18

Year ended December 31, 2021, with comparative information for 2020

28. Segmented disclosure:

The County provides a range of services to its ratepayers. For each reported segment, revenues and expenses represent both amounts that are directly attributable to the segment and amounts that are allocated on a reasonable basis. The accounting policies used in these segments are consistent with those followed in the preparation of the financial statements as disclosed in note 1. Refer to the schedule of segmented disclosure (Schedule 3).

The segments have been selected based on the Financial Information Return segmentation reported annually to Alberta Municipal Affairs. Segments include:

- General Government is comprised of Legislative and Administrative services
- Protective Services is comprised of Police, Fire, Disaster, Ambulance, and Bylaw services
- Transportation Services is comprised of Roads, Streets, Walks, and Lighting services
- Environmental Services is comprised of Water Supply and Distribution, Wastewater
 Treatment and Disposal, and Waste Management services, and Economic and Agricultural
 Development services
- Public Health Services is comprised of Public Health and Welfare services
- Planning and Development is comprised of Subdivision Land and Development
- Recreation and Culture is comprised of Library, and Parks and Recreation services

	Costs: Balance, beginning of year Acquisitions Disposals Transfers	Balance, end of year	Accumulated amortization: Balance, beginning of year Annual amortization Disposals	Balance, end of year	2021 Net book value

During the year, tangible capital assets were acquired at an aggregate cost of \$13,270,473 (2020 - \$22,261,201), less contributed assets of \$nil (2020 - \$11,559,945). Of the \$13,270,473 acquired (2020 - \$10,701,256), \$653,797 (2020 - \$699,764) remains in accounts payable at year end, therefore, \$12,616,676 (2020 - \$12,343,518) was acquired with cash during the year.

\$164,022,092

2020 net book value

During the year, assets having a net book value of \$2,728,887 (2020 - \$486,662) were sold for proceeds of \$3,784,208 (2020 - \$635,583), resulting in a gain on disposal of capital assets of \$1,055,321 (2020 - \$148,921).

The net change in accounts payable as stated on the statement of cash flows has been adjusted for the amount remaining in accounts payable related to tangible capital assets.
