

# Wheatland County Broadband Internet Speed Test

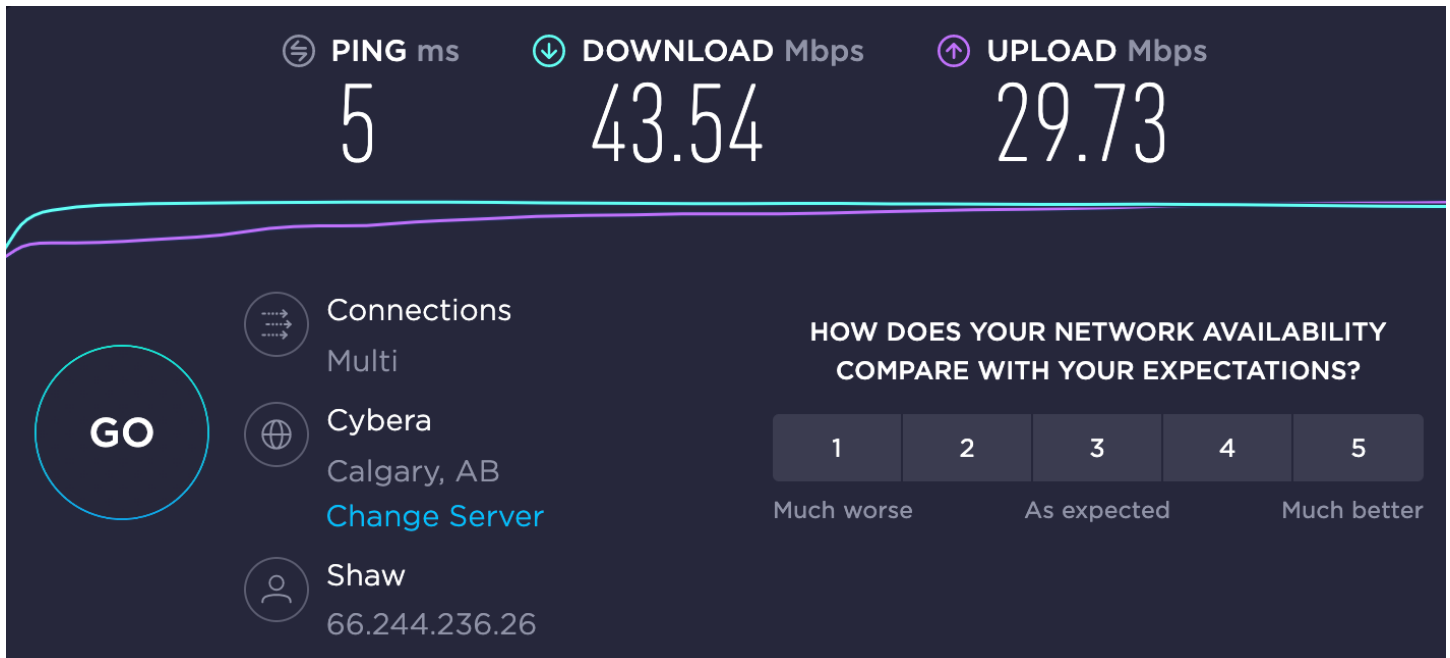

Step 1. Open a browser on your computer or laptop that is connected to your home or business internet. Please do not use your cell phone for the speed test. Go to the speedtest.net website at <https://www.speedtest.net/> or speedtest.net

Step 2. You should now see the speedtest.net website. Click on the word GO within the speedtest.net page to begin the speed test.

Step 3. The speed test will run for several seconds and once completed you will see a web page with your speed test results. Please copy your speed test results into your Wheatland Survey: PING ms, DOWNLOAD Mbps, UPLOAD Mbps.

(Example speedtest.net results)

For reference, the company listed by this icon is your internet provider.
