REASONS FOR APPEAL Sections 678 and 686 of the Municipal Government Act require that the written Notice of Appeal must contain specific reasons for the appeal.

I do hereby appeal the decision of the Subdivision or Development Authority for the following reasons:

I am the owner of 504 Main Street. We made an investment 18 months ago. Since buying the property, I've been in contact with the residents of Gleichen and Siksika Nation regarding the appropriate and viable use of this property. I heard very loud and clear from the community that they do not want a Cannabis store due to existing problems. Due to the negative impact to the community, I urge SDAB to turn down the decision. Request for Decision

Municipal Planning Commission

April 12, 2022

Report prepared by: Suzanne Hayes, Development Officer

DP 2022-001

File Number:	DP 2022-001	Division:	2
Proposal:	Cannabis Store		
Location:	Within the Hamlet of Gleichen		
Legal Description:	Plan 249B, Block 3, Lot 7		
Title Area:	290 m ² (3120 ft ²)		
Existing Land Use:	Hamlet Commercial (HC)		
Proposed Parcels:	N/A		

Report

The proposal is to operate a retail Cannabis Store which will offer an inventory of Cannabis Flower, pre-roll's, edibles, concentrates, drinks, vape pens, and accessories. An estimated 2-3 employees will be required and the proposed hours of operation are 11:00 AM to 8:00 PM, 7 days/week.

Building design will be according to the Alberta Gaming, Liquor and Cannabis (AGLC) requirements, and there no outdoor storage is required. AGLC requires that the products come in sealed packages or containers, which will not be opened in the store, so there will be no associated odours.

Estimated customer numbers are 20/day with one anticipated delivery per/week. Angle parking is available in front of the building, with additional parking as well as a loading area in the rear of the property. Signage will be on the front façade of the building.

The location is in conformance with the Land Use Bylaw setbacks, which defer to the provincial minimum setbacks stipulated in the Gaming, Liquor and Cannabis Regulation. A 100 m setback from a provincial health care facility (hospital), school, or MR parcel designated for a school is required. The proposed location is approximately 25 m east of the Public Library, and 30 m southeast of the Community Hall.

(c) may confirm, revoke or vary the order, decision or development permit or any condition attached to any of them or make or substitute an order, decision or permit of its own;

(d) may make an order or decision or issue or confirm the issue of a development permit even though the proposed development does not comply with the land use bylaw if, in its opinion,

(i) the proposed development would not

(A) unduly interfere with the amenities of the neighbourhood, or

(B) materially interfere with or affect the use, enjoyment or value of neighbouring parcels of land, and
RSA 2000 Section 688 Chapter M-26 MUNICIPAL GOVERNMENT ACT 449

(ii) the proposed development conforms with the use prescribed for that land or building in the land use bylaw.

MUNICIPAL DEVELOPMENT PLAN (MDP):

3.7.1 Commercial and Industrial Development Objectives

- 1) Allow the expansion and diversification of the County's commercial and industrial tax base.
- 4) Provide opportunities for commercial development, particularly retail, in close proximity to Hamlets and rural residential communities.

3.7.2. Commercial and Industrial Development Policies

- 1) Retail development should be located in Hamlets (urban areas).

- 5) The County shall take the cumulative development effect into consideration for all commercial and industrial development applications.
- 6) The County shall encourage urban-oriented commercial and industrial development applications to locate inside or adjacent to urban areas, to make more efficient use of existing services.
- 7) The County shall consider the broader area context and the impact upon it when considering a commercial or industrial development application for approval.

LAND USE BYLAW:

Definition:

As building has old signage, we will replace it with channel letter sign.

At the front of the store, there is an angle parking available. Approximately 6-8 vehicles can be parked easily at the front of the store.

This is the rear side of the building, with delivery access. It has solid and secure metal door along with concrete floor.

The rear side of the building also comes with back alley. The alley is spacious and drivable. Which makes the deliveries much easier.

Applicant Letter

To,

Suzanne Hayes
Development Officer of Wheatland County,

April 1st, 2022

For the past few days, I have met the people of Gleichen town to get their opinions and discuss this purposely business of cannabis store. As I have purposed the idea of a cannabis store in Gleichen, I understand there might be concerns regarding this store henceforth, I will be able to resolve them.

As there are very less facilities available in Gleichen, it makes a huge impact for the people who approaches the small town to locate residency places. According to the article published in news by [REDACTED] he mentions how the research was done in all Canadian neighbourhoods on how happy your neighbours are? Aside from fewer people, the majority are found happy in rural areas if they are provided all the facilities. Having cannabis store in the neighbourhood will help the residents to commute less to get the cannabis products. As there might be individuals who use marijuana due to medical reasons, it will be very convenient to them of having cannabis store in the community. It is also safer option for people to have Cannabis accessible readily as it prevents them driving under any influence. They can walk to the store to get anything they required. If the Cannabis store gets approved, it will also promote local business and job opportunities. For example, building maintenance, janitorial, cashier and online order along with delivery. This store will also boost the economy and development of the local area. The people who from their hometown to neighbouring cities due to lack of facilities, it will convince them to stay with their families and spend time with their loved ones. Unfortunately, people have to relocate to cities for jobs and services. Hopefully, this might help to start of businesses in Gleichen.

As this building is located on the main street, it will not have any impact in the resident area. As the main street is mainly for businesses therefore, this location is accessible for Cannabis store with enough parking space. They can walk to the store to buy the product they need (restriction and limitation will be applied, rules will follow as according to instruction given by AGLC).

As the planned building happened to be empty, it promoted people to hang there without any restriction, they utilized the empty parking lot to socialize. If the business opens in that building, it will get people use the business for the required purpose and leave the premises as it will have active parking running front of the store. In case there is still loitering, they will be asked to leave the premises as it is illegal to stand there with no purpose. Hence the loitering will be controlled. Additionally, the "no smoke zone" sign will be posted as it will be a non-smoke zone due to people coming in and out. As it is noted that library staff prevents people from loitering Infront of the library, this gave them a chance to loiter Infront of this empty building. This will also be prohibited if Cannabis store opens.

Since cannabis is legalized, people can buy their product from the stores rather than using illegal means to get cannabis. As the store will have appropriate labels which represent the proper

FOIP s.17(1)

ingredient to avoid over consumption. The store will also provide the legal limitations of the selling products. It will also control the temptation of other synthetic drugs for example, if individual is addicted of marijuana and doesn't have the access to it, they might use other illegal or inappropriate sources to fulfill their cravings. As the temptation already exist, people already might be buying cannabis products illegally, having legal option available will lower and prevent crime. It helps the community to feel safe. This store will also bring different and safe alternative to the public then alcohol, it will lower alcohol consumption and have less addiction rate. This is a better choice as it lowers the craving, which further prevents crime. Rather than getting the cannabis with wrong methods, this will help the people to obtain cannabis legally. Having cannabis store could be considered a solution to prevent further drugs from being introduced. Use of cannabis is also very helpful to the individuals who are prescribed marijuana by the physician.

The population of Gleichen and Siksika nation combines 8000 approximately, it is optimistic to say that having new businesses introduced is appropriate for the community. I believe this will be a wonderful step in improving the diversity and services of our neighbourhood.

If there are any concerns that requires justification, please don't hesitate to reach me via email

Morning Suzanne, regarding the application for a Cannabis store in Gleichen. My vote is NO. I do not agree with this at all. We have enough problems with the liquor store, drunks and property damage in Gleichen. We don't need to add to the problem. I'll give you a personal encounter I had with stoned indigenous people. About a week ago, I was walking my dog on main street in Gleichen and there was 4 indigenous people on horses standing on the sidewalk across from the store. I could smell the pot before we even got to them and they wouldn't move their horses off the sidewalk. A Cannabis store in Gleichen will bring nothing but more problems to Gleichen. I spoke to a couple of neighbors who don't have computers or internet capable cellphones and they also are against the proposed cannabis store. I can give you their name and numbers if you want. Anyone I have spoken to are against this. Signed David Hall [REDACTED]

Good Evening Suzanne

We disapprove of a Cannabis Store being brought to Gleichen. Living here for the past 14.5 years have found that there is a lot of illegal drug activity in our small little hamlet. Bringing a Cannabis Store to our little hamlet would have devastating results for our Downtown Businesses and the people.

Therefore, as residents of Gleichen, we say no to this proposal.

I am really opposed to such a facility or business of this type to be granted a permit in our hamlet. To even consider such action is truly inconsiderate of our neighbours to the south of us on Siksika Nation who are fighting a drug problem daily. There are 5 cannabis stores in Strathmore and I feel that if one can afford to purchase this product then one can travel to Strathmore to purchase it. It is bad enough that we have a liquor outlet in town 500 feet from a "Dry" reserve. Has anyone contacted the band council and asked them for their input?

I truly hope that there will be a thoughtful decision made here that is based on quality of life and not the almighty dollar.

Thank youj

Dear Ms Hayes,

Having recently read the newsletter regarding the proposed cannabis dispensary on main street, I wanted to express my concerns with the introduction of a dispensary into our community.

First of all is the proximity of the building to the Gleichen and District Library. As a former employee of the library it has been an ongoing concern to deal with the security issues posed by individuals under the influence of various substances, legal ones included. Due to the threat posed by the already present individuals, the library has been forced to upgrade security multiple times. On top of presenting hazards for the librarian when dealing with individuals on narcotics, it also poses a increased risk to patrons of the library. Plus it may very well cause a decrease in the number of patrons as parents may dissuade or stop their children from walking to the library if there is an increased presence of drugs downtown.

Secondly I'd like to remind you that there is already an issue with loitering along main street thanks in part to the liquor store's patrons. Causing many individuals to avoid going to already existing businesses downtown such as the store. The proposed dispensary will likely attract more loiterers to our down- town, potentially driving away even more business from our town.

Thirdly the letter implies a certain amount of economic benefits, however the amount of business it will bring is likely over exaggerated with only around 400 people in town is it really possible for our population to support such a business? Especially with so many competing shops within driving distance. Not to mention the chances of it actually providing employment to the town (as demonstrated by the lack of employment opportunities provided by the liquor store) are likely low. Is this really going to outweigh the potential threat of lost business to other places in town. This also doesn't even begin to consider the potential impact on real estate in town, as potential buyers may be turned off from buying property (especially residential properties) if there is a dispensary nearby.

Thank you for taking the time to read my email, I hope the county ultimately sees some sense on this issue.

Sincerely,
Ceilidh Flebotte

Dear Suzanne,

The location of the proposed cannabis store is already a high traffic area for loitering, drug, and alcohol abuse. As members of the community, we would prefer to see the Main Street of Gleichen cleaned up versus made worse by the opening of a cannabis store. This opening will contribute to more loitering, more substance abuse, and more littering on our streets which can also contribute to giving our small town a bad name and reputation. We are very much concerned on the effects this store will have in regards to cleanliness and overall safety in the area. The addition of a cannabis store may also encourage irresponsible drug use and violence in the already undesirable area of the hamlet.

In conclusion, we do not believe this store opening would cause any positive changes for the community as a whole, and are concerned that it would actually create a lessened safe space for ourselves and our families.

Hi Suzanne, I am putting my 2 cents in on this Cannabis Store being put in Gleichen. I am saying a huge big fat NO. I as a person who lives in Gleichen and pays my taxes, find it disgusting enough with the liquor store here and ALL the dealings there, we definatly do not need to add more BS to our streets. As it is already, there is nothing that can open up in our hamlet now because of all the riff raff on our streets, all the people hanging around by the liquor store and destroying all they can, and the litter and begging for money. Drinking on the streets, passed out laying all over the sidewalks, I now as a home owner in Gleichen find it disgusting to even go down there, even to get my mail is bad enough to see all this stuff. I have troubles even going to the store in our town to support them because it is so unreal to walk the streets. If we were to add another reason for more people to hang around I think we would be asking for even more troubles. Liquor Stores get shut down all the time and dont make the Media, but we did because, where are these people with addition troubles going to get their booze from now Gleichen was closed... well I dont think we need to be the supplier of another addiction

Please seriously consider what this will do, to cause more damage to our already damaged hamlet

[REDACTED] if you have any questions don't hesitate to call. I think my husband and i are pretty clear on this,

2 big votes for NOOOOO

We are a resident here in Gleichen , Alberta. I am writing in regards to the application for a Cannabis store being brought in to Gleichen. My vote is a definite NO. We have enough issues to deal with as a community without adding more problems . Our school bus of kids are dropped off a block from the location , we have enough issues with the people under the influence of alcohol in the same area, the begging for money . I can not even go uptown now to support the grocery store without being grabbed ,by one of the many that hang around , because I won't give them money , I don't feel safe going near that area, my husband has to escort us if I do take the kids uptown for a slurpee . We have people passed out on our streets ,we have garbage everywhere. The best thing that happened here was the closing of the liquor store , really to bad it was so short lived. We made the newspaper over that one. There is enough violence uptown, not a day goes by down there that someone is not fighting , you have people making out on the lawns outside the store grass area which is right beside where they want this store , behind our post office, which is less than a block away. Our kids are not safe now ,because of what goes on uptown , and neither are we . Going to our mailbox some days is not safe not sure how many times I have driven by the post office and not gone in to collect my mail. The stealing of our property so that they can support their habits . Because of the ones loitering in the area right behind the post office drinking their booze , passed out, making out, and begging for money, they are getting more aggressive. The police will go uptown to clear them out , have seen the RCMP dump out the booze on them and send them on their way , just for them to be back in 10 minutes begging more aggressively for money to get more booze. The liquor store will serve the very inebriated persons which I know for a fact is against the law to do so but it is being done . How can we be so sure that the laws will be followed? How about our safety and that of the kids? The community here is mostly a retired community, why would you put seniors at a higher risk. I really think Gleichen has enough to deal with , without adding more trouble.

Hello Suzanne,

Thank you for contacting our Church in regard to the development of a cannabis store in the town of Gleichen.

We have identified substance abuse as a major concern in our community and, as such, have tried to be proactive in addressing possible solutions. At present we are making our church building available once a week to a local Alcoholics Anonymous chapter. We also support Teen Challenge and hope to make available a scholarship on a yearly basis to send a local candidate who is looking for help with substance abuse. There is an overwhelming need for help in this area already. We feel that encouraging another potentially addictive substance in the community will only add to the misery experienced now.

Although there have been studies showing value in some instances to the use of cannabis products we believe it is not wise to make this widely available without medical supervision to avoid health problems.

The attached is a letter ratified by our congregation April 3/2022

Thank you for your attention.

Sincerely,

Peter Hoff for
Gleichen Community Church

Hi Suzanne, I thought I'd just email in my opposition to a cannabis store in Gleichen as down town Gleichen has become full of addicted panhandlers from the reserve looking for money for alcohol and drugs and I think a store like this will just make the problem worse.

As much as I'd like to see someone invest in opening a business I think this is the wrong type for the community. Thank you.

i am writing to express my strong objection to the opening of this type of business in gleichen.we have a real problem in gleichen with people in our small downtown just milling about with no real purpose but to harass people.this kind of vagrancy is allowed to go on with no help from our rcmp detachment.this will only promote more vagrants.we have lost several buildings in our core as im sure selling them is nearly impossible with this on going problem as it gets worse during the summer.please reconsider this application.

Good evening,

As a resident of Gleichen, I can 100% say I am completely opposed to this proposed store. It is not for the benefit of the town, it is not to bring in growth and business, it is not to make living here better. It is 100% a predatory profit business venture, and takes full advantage of the people in the community and from Siksika, who struggle with addiction issues. This is a TERRIBLE idea, and will only bring more issues to our very small hamlet. There is no reason to have this kind of business here, none. There are more than enough places in Strathmore for anyone who wants or needs this kind of business.

There are already enough problems on the Main Street from the residents who frequent the liquor store (which is also a predatory business), and it hinders the business of the AG Homegrown Foods here and people do not want to deal with the people who loiter in front of the store. The gas station closed because of those issues, the Home Hardware, the mechanic - so many useful businesses closed. What is the benefit of another cannabis store??? What is the benefit of another addictive substance location??? What would that do to the already tense and uneasy Main Street atmosphere??? I already can't take my nieces, or go myself, to shop at the AG Foods due to the harassment from the people who hang out there.

I moved here because it was safe and small, and there weren't the issues you can find daily in Calgary. The small businesses that were here 10 years ago, were actually useful and run by local people who lived in the area. Now all we have left is a Hotel/Liquor store owned by someone who doesn't live anywhere near here, who also neglected it to the point of closure, because it makes profit off addiction. That is disgusting and self-satisfying behaviour. I would say vast majority of people who do buy products there only do out of lack of a vehicle to get to Strathmore, or are struggling with alcohol addiction. Their prices are high just to make even more profit, as that is all that matters to those owners. The grocery store also struggles to attract business from local residents due to the liquor store. I myself will go to the Siksika Trail Market if there are a bunch of people loitering along the Main Street.

This does not reflect solely on individuals who are struggling with addiction and are liquor dependant, but it makes me absolutely sick that the owner of the liquor store knowingly feeds into those addictions and happily takes profit from that. The RCMP already have their hands full, why add to stress and daily incidents they respond to. As with a lot of Gov't business, they are already stretched to a breaking point. To have another person trying to come here and add another layer to this, only for profits gained from others weaknesses, is deplorable and would drastically change how I view Wheatland County and their treatment of the residents who call this place home.

Approve better business proposals, ones that are actually a benefit to Gleichen and Siksika. The gas station, a hardware store, a small restaurant or cafe, boost the Library up (which also suffers from having the liquor store in town), advertise the arena and the sports events that happen there! That's where the real economic growth and benefit to the

community is. I am not against cannabis stores, but I am fully against profiting from addiction. And fully against people coming from the city, setting up shop, leaving it in the hands of someone who doesn't care about the community (or doesn't even live here) and reaping the rewards from a home in Calgary. There are more than enough cannabis stores in the area, multiple locations in Strathmore which are not difficult for people to get to if they want to buy those products.

I would plead, do not allow one in such a small hamlet. If Siksika wants one, or sees the benefit, the business plaza would be a better location for this. They are having a hard time attracting businesses there, and it is a much better location. If this has already been proposed in Siksika, and they said No - then Gleichen is not the place for it either. We may not have a lot of residents here, and the Siksika residents vastly outnumber us, but we still have a voice and there are residents here who take a lot of pride in our quiet safe neighbourhood. New families have even started moving here from larger cities, mainly to get away from the noise and violence of the city. We are seeing growth for the first time in decades, do not ruin or hinder that by approving something that is not in the best interest of the town.

Thank you,

A. Benner

I am writing this to you today as I object the opening of a Cannabis store in our town. We already have high drug trafficking and substance abuse.

This is just going to add more problems on Main Street than we already have.

I would like to see our town be able to weed out the substance abuse not add more fuel to the fire.

ATTN:

Suzanne Hayes

Development Officer

Wheatland County, AB

Dear Ms. Hayes et al,

I am writing regarding the above application to establish a Cannabis Store in Gleichen AB.

I am opposed to the establishment of this type of business being established in this Hamlet.

According to the 2016 Census of Population, Statistics Canada said the population of Gleichen was 324. The current population of Siksika First Nation exceeds 7,800 members.

My research shows that there are six Cannabis stores close by; - five in Strathmore and one in Langdon. The lack of an availability of a legal Cannabis storefront outlet is not an issue in this application.

The neighbourhood can be viewed as single family homes and some Seniors Housing, although several older homes are rented out to low-income tenants.

Most residents stop in at the All About Foods store for groceries, dry goods as well as take out food and beverages. They arrive by auto. At times, many are solicited for spare change and show signs of intoxication. As an aside observation, their next stop is the Liquor Store.

The other business is the Hotel and Liquor Store which was recently closed for awhile due to health and safety concerns. It is of note that many those people that frequent this liquor retail business can be viewed as very compromised.

I want to acknowledge that the applicant will meet building design according to AGLC requirements and minimum setbacks stipulated in the Gaming, Liquor and Cannabis Regulation. My concerns are not with the physical requirements, but rather with what will it add to the community and especially those on the lowest spoke of fortune's wheel.

I would heartily support retail units that could breathe life and energy into what has been a very underserved community.

A significant part of the Gleichen community and surrounding area as well as possibly the Siksika Nation is on pension or income assistance and many residents already struggle with drug and or alcohol addiction.

To place a retail marijuana storefront within this struggling community seems inconsiderate and not beneficial to the prosperity and health of the community.

Our local RCMP stated that they will endeavor to work alongside Siksika Health and Addiction Services, which serves the Siksika First Nation that neighbours Gleichen, on any community-based strategy that reduces public harm.

Let's give that neighbourhood a chance to better itself. I just do not believe that a Cannabis Storefront is a part of that plan for success.

Let's do our best to be considerate and plan for success.

I appreciate your consideration on this matter and hope that this application will be turned down.

Respectfully submitted,

Richard Trippel

Hi Suzanne, I decided to send you a few pics to show you the property damage caused by the drunks so you know what I'm talking about. The old Masonic building used to have railings, all the posts and all the upstairs windows. The old stores on main street and 4th ave used to have all the windows. I know the one old store on main in being worked on, I spoke to the carpenter on the weekend. The damage to the front of the all foods store is just in the last few weeks. The garage on 4th Avenue is about a year old. He has another window to put in but he's afraid it's going to get broken again. The old bank building is in the last couple of months. The old Kal liquor store, they torn some of the corner cap off and broken off the door knob on the front door trying to break into it. Be a party place for them if they get in. I had a drunk indigenous guy threatening me tonight. Said if he had his gun, he'd kill me. That's why I say a Cannabis store is a bad idea for Gleichen. Thank you

Good Evening Suzanne,

Hope you are doing fine. I am writing this email on behalf of the circulating application in Gleichen for Cannabis. I felt positive for this because I worked in Gleichen as a store manager for many years . Local citizens over there really wanted that business in their area so they can save time & money for commute (that's what I remember from their conversations) . As it's already legalized & it's use in medicine brought my attention. As we know , it also helps in mood improvement or If someone is sick or their doctor prescribed already,they can get easily from there rather than travelling many kilometres. So I personally feel that it gonna impact in helpful way to local community. You can count my vote, I strongly support this business.

Thanks & Regards,

Hello Suzanne,

This is Amrinder Bhullar, I got to know about the Cannabis Store is introducing in the Gleichen. I think this is a great idea by whoever is presenting this business.

Firstly, Gleichen does not have the Cannabis Store since it was legalized in Canada. The population of the Gleichen is 314 along with the Saskia population of 7800+ as per census statistics. So, it will encourage local population to buy the products legally.

Secondly- The building where Cannabis is purposed has been vacant from long time. Since it is on the Main Street of the Hamlet and it is a great idea to fill that gap.

Thirdly- Residents don't need to travel outside of the town to buy the products. Since the gas price are crazy high, no one would like to spend extra money just to commute for small things. So, it will be convenient for the locals. Sometimes people are under the influence, and they can't drive, so they would have the opportunity to walk rather than drive outside of the town.

There are so many other reasons why this business is beneficial for the Gleichen Hamlet.

I recently moved from the town because of fewer facilities in the town. I didn't have job opportunity because of fewer businesses in the town. So, I had to move to Calgary. I recently changed my address as well, my previous address was 505 Main Street Gleichen, AB. I would have been very happy if this opportunity could've presented before, and I could have seen the community growing and new stores opening. I will highly support local businesses and will be confident that people will shop locally.

If you have any questions, please reach me at my email or phone number at [REDACTED]

Best Regards

Hello, suzanne my name is matt woodford. I am here with [REDACTED] and we are discussing the possibility of him opening a cannabis store, i am all for this. I have been a resident of gleichen for over 15 years and from what i have experienced first hand and also seen i believe it would be a smart economical choice for this community. Being a long term resident i am well aware that there are many people that are pro cannabis in town here. I believe that having a store in town would not only be good for the town to thrive but also it would more than likely help stop the illegal distribution of narcotics and cannabis. Not too mention that the people would be much happier not having to commute to strathmore to legally buy cannabis products. As you know we all have to commute to Calgary or strathmore for work as it is and it would be excellent to not have to make another seperate commute for cannabis.

Thank you for your time,

Sincerely

Matt Woodford

Hello Suzanne,

I recently became aware of the circulation letter in Gleichen regarding Cannabis store. I just wanted to share my opinions for this matter.

I am in the support of the store proposal.

I believe this will cut our time short while getting cannabis legally. It is also safer option for us and our community as the store will be nearby.

I hope the county will approve this as everyone want to see their area growing, atleast folks live here can have access to cannabis store.

Also it will eliminate the illegal and promote safe environment.

Thank you for circulating the letter.

Thank you

Oki, Hello!!!!

I am in full support of these plans, i have learned a bit about Harm Reduction and, in my opinion, this falls in its hands.

as far as i know, the liquor store does a great job with its customers, especially when it comes to refusing service when a patron is too intoxicated. unfortunately, there are simple ways around that.

Siksika is obviously the main support of the stores in gleichen, i feel many of the people dealing with addictions and recovery, will benefit from legal, safe, and readily available cannabis in Gleichen and Siksika.

i havnt seen one opposed person on Facebook, except for the sad fact that Siksika did not jump on this business opportunity. Lol....

I hope this happens, people are excited. Best Wishes and Regards!!!!

Submissions by the applicant after canvassing Gleichen and Siksika on April 3rd, 2022

31 Letters submitted in total.

- 2 of the Gleichen residents who provided a letter were on the circulation list sent to residents.
- 9 people who signed the letters listed that they lived on the same Avenue in Gleichen, however our data did not show the same landowner names (possibly renters).
- 1 listed a different street address than the others, but again our system had a different landowner name (possibly a renter).
- 2 did not provide an address.
- 17 listed Siksika PO boxes.

Hello Suzanne,

I went to Gleichen and Siksika Nation yesterday, April 3rd 2022 to see if people wanted or were interested in Cannabis Store.

We have provided them the circulatory letter, which some were aware of it. Most of the people said they were very interested as they would know what they are purchasing so there will less accidental death due to overdose or the product was laced with something unknown. The other concern of people was that there will be less commute to get these products.

I have attached the supporting letters signed by the local individuals for cannabis store in Gleichen. Please see if this will also help.

The circulating letter was also shared on their local page of Facebook in order to get their opinions, every single one of them was in favour to open the Gleichen cannabis store as it will reduce their concerns regarding illegal drug dealing happening in their community. Encase you were interested in the post that is on the Facebook in favour of Cannabis store. This is a public post that is circulating in the vicinity.

<https://www.facebook.com/698411720/posts/10158265454106721/?d=n>

Even I met a RCMP officer, he stated that they were aware of the Cannabis store proposal in the Gleichen and they are in the support of opening the Cannabis store in Gleichen as they said it will lower the crime rate and will control the illegal drug activities happening on the streets. He will also be contacting me in a day or so as he took my phone number to discuss how to work together to maintain safe and secure the environment. I am hoping to hear from them soon.

If there is anything concerning, please let me know right away.

I have no objection to the proposed matter. This is an opportunity to support the local business. It will encourage others to expand the Hamlet market. It will also facilitate people to shop locally.

This store will also boost the economy of the local area and create more job opportunity for residents of Gleichen. For example, building maintenance, janitorial, cashier and online order along with delivery.

So, I will be happy to see this business in our vicinity.

I, the resident of Gleichen/Siksika am aware of the proposal for Cannabis Store in Gleichen, Hamlet. The business address of the Cannabis store is 414 Main Street Gleichen, Alberta.

I have no objection to the proposed matter. This is an opportunity to support the local business. It will encourage others to expand the Hamlet market. It will also facilitate people to shop locally.

This store will also boost the economy of the local area and create more job opportunity for residents of Gleichen. For example, building maintenance, janitorial, cashier and online order along with delivery.

So, I will be happy to see this business in our vicinity.

Dear Michelle,

I am totally against the Development Permit 2022-001 that would allow a Commercial Cannabis Store in Gleichen! This permit will not benefit the town or the Reserve. The building that is being cited was not up to code even prior to its roof being blown off and definitely will not be up to code to house any kind of business even if they 'fix' the roof.

A business of this kind is an affront to the local population and the majority of the Reserve. The Reserve is having enough problems regarding alcohol and drug abuse. The crime and addiction rate will only go up. The fact that it wants to open next to the town library (a safe place for patrons) is just another slap in the face for the Hamlet of Gleichen.

I sincerely hope that the Development Appeal Board will deny this permit.

Yours,

Dr. Sandra Burke

Re: Approval of Development Permit 2022-001 for a Commercial Cannabis Store

On April 12 2022 wheatland county made a horrible decision to approve a 2 year permit for a cannabis store in the small hamlet of Gleichen. A hamlet that is already having many many issues with drugs and alcohol.

The new business owners came knocking on my door this past weekend. They have no clue of the issues that we currently have in our little hamlet nor do they really care. To them it is just about the money they will get from people at their shop. They do have the best interest of this community at all.

FOIP s.17(1)

I have lived in Gleichen for 14 years now at [REDACTED] where behind my house is the town park that was just given a upgrade a couple of years back. I have had to call the RCMP a number of times for people drinking and drunk passed out in the park. For groups sitting at the tables smoking weed and drinking leaving behind such a huge mess. Well this is all going on the kids including my daughter is not able to play in their park as it is unsafe for them.

I believe with the size of our hamlet a cannabis store would be a very bad idea. The RCMP currently are stretch beyond what they are able to do. As a tax payer of Gleichen this will not bring any good business here. We currently do not feel safe to walk freely down town as it is right now. There is always fights, pass out people laying on the ground and the names we get called just trying to walk to our post office. I currently avoid going anywhere close to the store post office and library as much possible.

Most of the community people already would like to see the liquor store to close. When it was shut down most recently I have never seen our downtown so clean and pleasant to walk around. I would love to see Gleichen as a dry town with no liquor or cannabis store.

There is many cannabis stores for people to use in Strathmore.

I am asking for you to rethink the decision for the safety of our kids. The location of where the store will be is also so close to the library. Another reason why the store should not be here. I would love to attend meeting and voice my reasons of why.

Thank you

Tracy Dick

EXHIBIT E

Public in Opposition to Appeal

To Subdivision and Development Appeal Board,

I would like to present my reasoning regarding the appeal that was received for the approved cannabis store in Gleichen. On April 12th, 2022, the Wheatland County MPC approved the development permit for cannabis in Gleichen with 4 commissioners in support and two opposed. As you might already be aware of that fact that after a long discussion in the council, they approved the 2-years term permit with conditions. I agreed with the MPC's rationale and decision as it gives us the chance and reasonable time to see how it would have a positive impact on the community. Moreover, how it will help to control the illegal drugs and alcohol addiction. Providing legal opportunities to have recreational products will help eliminate the drug and liquor usage in the town.

I spoke with a few RCMP officers and asked their opinion regarding the cannabis store in the town. They also want to see a positive change in the community, and they believe having a cannabis store will introduce legal means to get cannabis locally rather than illegal methods. One of the RCMP officers stated, "Professionally he believes it is easy to deal with the cannabis intoxicated individual as compared to drug or liquor intoxicated".

After the appeal was applied against the issued permit, my wife (Heaven Gill) and I decided to canvass the town to see if the residents don't want the cannabis store and why. According to the appeal, it was stated that residents of Gleichen and Siksika Nation don't want the cannabis store. So, I believed we should ask if they don't want cannabis stores then what kind of business are they looking for? What I received as a response left me surprised as I got remarkable support in acceptance for the cannabis store from the town. Most residents expressed that they are happy that there will be business-like cannabis introduced in their community. The following comments are stated by the community

"I take cannabis as it helps me calm down"

"I take the cannabis because of my pain, and I won't have to drive to Strathmore anymore"

"Finally, there will be another business introduced downtown. When we grew up there were so many stores such as hairdressers, clothing stores, sports bars, restaurants, and much more but

now everything is gone. I would love to see many things open up as this town needs it". She thanked me for bringing business into the community"

"Finally, we have a legal opportunity to buy pot and many more THC and CBD products"

"I rather have the cannabis store than the liquor store"

And many more comments that presented the excitement of having a cannabis store in the town.

As we went through the town, we approached everyone we could. Even though we didn't get to meet all the residents of the town but still we met many. As we would talk to the resident, we would let them know who we were and why we were there. We told them that we are the couple who proposed the Cannabis store and was wondering about their opinions regarding the store that will open here if Wheatland County decides in our favor. They all were welcoming that we were taking the time to speak to them and discuss their concerns as no one has done that except the mail they received from Wheatland County. Even, I spoke with the Bottle Depot owners, and they were in support to have another business in the town.

It is funny that Mr. Abhideep Toor, who appealed against the Cannabis permit I received happens to run the liquor store in Gleichen. From what I am aware, the Toor family owns the liquor store (505 Main Street, Gleichen AB) and the building across the liquor store (504 Main Street, Gleichen AB). I am not sure of the purposes behind the appeal against the cannabis store.

In the end, I urge SDAB to look at all the factors and the support from the community. People who signed in support of the cannabis store were well aware of and were open to providing all the information they could in case anyone wanted to contact them to confirm their authorization. Previously, in the MPC Agenda meeting, we received 39 residents in support and now we are honored to have 106 residents, who signed in support of the purposed cannabis store. We couldn't get enough time to cover all the area, but we tried to canvass a few streets. Hence, we have 145 people who came forward to see this development in the town.

Thank you for your time and consideration.

Jaskirat Singh

Hello Suzanne,

I would like to arrange a meeting with the council if it is possible. As there are many concerns regarding Cannabis stores.

There are 38 residents in the support of the store who came forward and there many more who are in support of the store and agreed for the cannabis store. They want the store, as according to them it is very helpful for them to obtain cannabis rather than driving or asking someone else to get it for them as it can be laced with other substances, also it will reduce the illegal activities in the hamlet. It will help the community to use legal means to get cannabis rather than other means. The Cannabis store will promote legalization, less loitering, and maybe it will help people with addiction of alcohol. When I proposed the cannabis store, I believed it will help people introduce the legalized way to use cannabis as it already exists in the hamlet. The store is in the main part of the town, where it is possible and safer to run the business.

I felt people are concerned about liquor and drugs mostly. The reality is that alcoholism and drug exist already. I understand their concerns, but this is the alternative to reduce illegal trade around the hamlet. Even if it helps small amount of the people then it is great way to start. People are buying Cannabis, especially they are traveling to Strathmore to get these legalized products, isn't it best to get them from safe and closer place, rather than driving far. They also ask other people to get them the products. What is the guarantee that what are they receiving in the name of Cannabis? With local cannabis store, they will be aware of what they are buying in proper approved packaging rather than risking laced unknown substances. Opening the Cannabis store in Gleichen will prevent the unknown consumption, prevent overdoses death which is very common as per the local public's statement. Please be considerate of all the factors, that people are still getting these products whether they are using the legal means or illegal. In addition, once the business opens up in those building, it will help stop loitering and damage that being caused to the properties and illegal trade of substances.

FOIP s.17(1)

I also saw one of the responses by [REDACTED], the buildings shown in the photos was the same in 2017 and 2019. According to [REDACTED] the pictures he attached it was few weeks or a year old, which is not right. I used to work in the Gleichen, and I found random selection of pictures that I have taken in my phone (please see attached pictures). Damage occurred years ago, and it hasn't change anything since then. I have attached the pictures to show the same appearance as the building. Clearly, if the building remains unoccupied, it will increase the loitering as no one will be there to tell them to stop loitering, not maintaining the building will eventually cause more damage. These damages have been done years ago as these buildings were empty from long time.

Also, I have attached my photos I have taken back then in 2017-2019, the town of Gleichen is pretty much the same, there has been no improvement. They all are pretty much in same condition but yes over the time it is expected to have damage or wear and tear in empty buildings.

Moreover, these pictures have no connection with the purposed cannabis store. But having cannabis store in the Hamlet will be the alternative to the problems that people are facing.

Also, if building is being damaged by someone who is intoxicated then isn't it best to have more business open up and to prevent the damage performed by people.

I would like to ask if I can speak during the council meeting or what are the alternatives?

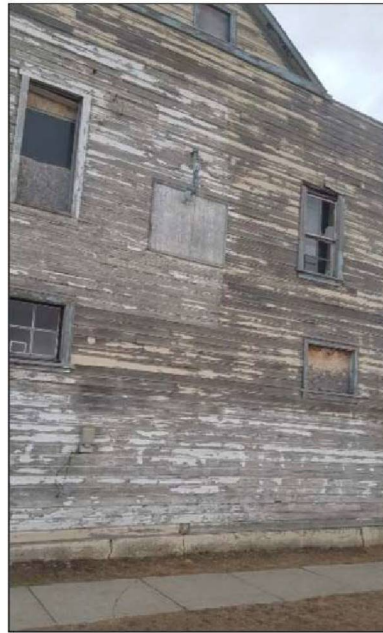

These are the same building from different angle with different at different times. Mr. Dave stated this damage occurred recently in the first picture that he recently took. But, as per pointed

picture along with time, date, and year saying it has been there from a while and nothing changed since then. This pictured I randomly clicked in 2017.

Again, these dents and damaged existed prior to 2019 and have probably been there from long time.

The pointed picture above is from January 2019 and the other I assume is taken recently by [REDACTED]
[REDACTED] Just want to mention that these building have been like this from long time.

I/We, the residents of Gleichen/Siksika Nation, support the proposed cannabis store. We are aware of the appeal proposed in the opposition regarding the cannabis store.

I/We believe the store will benefit the people in need of cannabis products by allowing them to commute less, and it will also provide the community with safe and proper cannabis products to be consumed legally.

PLEASE GIVE THIS CANNABIS STORE THE CHANCE AND I/WE FULLY SUPPORT IT.

To whom this may concern,

I think Gleichen would benefit if it had a cannabis dispensary open in our county! It would create jobs for people, increase the county's income, and give the people of Gleichen and surrounding areas a healthy, safe, and government regulated alternative to the liquor store in town. I myself have lived in Gleichen for over 8 years and I strongly agree on Gleichen opening a cannabis dispensary!

Thank you for your time.

Sincerely, Mackenzie Faucher

Good Day,

I have been told that there is a talk about opening up a cannabis store in Gleichen. As a business owner I would support that because it will hopefully grow the town and surrounding area.

Regards,
Avneet Golan

Good day Michell,

My name is Carlos Salguero and I am a resident of Gleichen.

I am writing this email to you to let you know that I support 100% the opening of the Cannabis Store in Gleichen.

Gleichen would greatly benefit by having another business open. It would encourage other businesses to open, something this town can use. There is so much potential in Gleichen but unfortunately the only liquor store here brings a lot of drunks, drugs and violence, making the downtown area very unattractive.

A cannabis store would help by bringing more residents to the area which in turn would make the area more attractive to other businesses.

Thank you.

Carlos Salguero

Hello michelle, i would like you to know that i am aware of the appeal of the cannabis store and i must insist that a cannabis store would be advantageous for this community. Not only to thrive economically but i also believe it would help clean up the streets, i would hope that instead of people with addictions spending there money on alcohol or other recreational drugs, it allows them a more legal and acceptable outlet.

My name is matthew Woodford and endorse the idea of new thriving businesses to grow this town in a respectable manner.

Thank you for your time.

Matt Woodford
