To: County of Wheatland

Wheatland Housing Management Body wishes to encourage the Town of Strathmore to put forward an application to the Province to support and accommodate a shovel ready project for a Seniors Facility as well as an area Hospice. WHMB recognizes that support for such an endeavor does not commit your municipality or organization to any funding at this time, beyond that which has already been committed.

To move forward this project would need support from the County of Wheatland, Wheatland Area Hospice, Strathmore Lions Club, Strathmore Masons and the Municipalities of Rockyford, Standard and Hussar.

A letter of support for this project would be appreciated as WHMB moves forward with plans to build a much-needed facility. The province has encouraged municipalities to forward shovel ready projects as soon as possible.

Thank you very much for your time in considering this request. We look forward to hearing back from your council on this matter.

Sincerely,

Glenn Koester
