WHEATLAND COUNTY
BYLAW # 2026-22

A BYLAW of Wheatland County, in the Province of Alberta, to establish fees for providing various municipal goods and services.

WHEREAS the Council of Wheatland County has the authority to charge fees for various municipal goods and services in accordance with the Municipal Government Act, R.S.A. 2000, c. M-26 (the "Act"); and

WHEREAS Council desires to establish fees for various municipal goods and services in Wheatland County, which are set out in Schedule "A" of this Bylaw;

NOW THEREFORE, the Council of Wheatland County enacts as follows:

Title

1. This Bylaw may be cited as the "*Master Schedule of Fees Bylaw.*"

Purpose

2. To establish a standardized schedule of fees for municipal services to ensure consistency, and fairness for residents and businesses.

Schedule of Fees

3. The fees and charges for municipal services are outlined in *Schedule A*, attached to and forming part of this Bylaw.

Transitional

4. That Bylaw 2026-17 is hereby rescinded.

5. This Bylaw comes into force on the day it is passed.

Read a first time on October 20, 2026

Read a second time on October 20, 2026

Read a third time on October 20, 2026

Where a development permit is made by a Community Association, fees may be waived at the discretion of Council.
When it is confirmed that development has commenced or a business is operating without a valid Development Permit having been issued, the application fee is double the fee prescribed within.
The Applicant will be responsible for 50% of the costs incurred by the County for the review of any documentation or reports by 3rd party legal and engineering consultants. If changes are made to the documents or reports after an approval has been issued by the Approving Authority.
All other uses not listed shall be at the discretion of the Development Officer and be no less than $200.00.
For new development requiring connection to water and/or sewer in a hamlet, a connection fee of $4000.00 will be required for each lot. In addition, a water meter fee and refundable deposit will also apply.
Wheatland County has the ability to require additional fees or charge an applicant for costs incurred by the County related to Planning & Development applications. (e.g.. Advertising, Hall Rental).
Farmstead separation or first parcel out from quarter section.

Schedule A - Wheatland County Master Schedule of Fees

Public Works			
Raw Water Services - Goldfinch Area			**Notes/Bylaw**
Operating Flat Rate		$0.34/cubic meter (monthly user fees are calculated based on the maximum contracted annual volume derived from the maximum allowable flow rate specified in the account holder's user agreement)	Fee is based on the waterline's projected annual operating budget. Variance between actual revenues and costs will be considered in future rate adjustments.
Capital Replacement Levy		$0.14/cubic meter (monthly user fees are calculated based on the maximum contracted annual volume derived from the maximum allowable flow rate specified in the account holder's user agreement)	The Capital Replacement Levy is intended to fund the repair or replacement of the raw water supply system's major infrastructure components as part of the system's asset management. The fee is based on the projected life cycle and replacement costs for the raw water supply system's major infrastructure components.
Future Reservoir Capital Levy		$0.64/cubic meter (monthly user fees are calculated based on the maximum contracted annual volume derived from the maximum allowable flow rate specified in the account holder's user agreement)	The Future Reservoir Capital Levy is intended to collect funds to support the future construction of a reservoir, or a similar measure, to enhance raw water supply security for current and future system users. The fee is based on the projected capital cost for a reservoir, distributed across a 25-year timeline.
Connection Fee		$273,668.00 per litre/second (A one-time payment based on each litre per second (L/s) of maximum allowable flow rate specified in the account holder's user agreement)	The connection fee is a one-time lump-sum payment intended to recover the capital cost of the raw water supply infrastructure, together with the cost of a meter. Connection fees do not apply to users who have already contributed to the original project capital costs through cost-sharing arrangements.
